INTRODUCTORY

THIS text-book of bookkeeping has been shaped by many years' experience of the author as teacher and accountant. It embodies advanced pedagogic principles which have been thoroughly tested and worked out in the classroom.

In the first part of this work the different kinds of accounts are fully explained and exemplified. Thus made familiar with the meaning of entries in the various accounts, the pupil is prepared to do the work of the regular "sets" understandingly and without floundering.

The book is carefully graded, and the sets furnish ample material for practice. Six price lists are furnished throughout, to facilitate independent individual work.

Not only is a pupil greatly aided in his study by the observation of actual specimens of bookkeeping records, but he is much influenced by all the details of their form. In this book, therefore, script specimens of all kinds are supplied in profusion, and great care has been exercised in making them models of accuracy and neatness in every particular.

The work required of the pupil is designed not only to secure a broad and sound knowledge of the theory and art of bookkeeping, but also to encourage the formation of correct business habits. Nothing taught in the book will have to be unlearned later, when the pupil takes up real business life.

"Figures can not lie" is a business aphorism which has gone into language as a popular proverb. Like all proverbs it contains elements of both truth and falsehood. The experience of all men of business has taught them that figures not only can lie, but that too frequently they do deceive the most expert,—sometimes through error, sometimes through criminal intent. In the art of accounting, it is the man behind the figures who must be trusted not to lie,—either through accident or otherwise.

During forty years the author has had a wide and varied experience as a teacher of the science of Bookkeeping and Accounting, and during that long period a procession of tens of thousands of learners has passed under his eye. That pregnant experience has taught him that error has been more fruitful of loss and disaster than criminal intent.

Since our country has become the foremost nation of the business world, the importance of commercial training in our schools can not easily be exaggerated; although that which we learn from books and through the agency of schools is only a foundation for the finish and culture which active life only can give. It is not claimed that the guideboard can do more than point the way to the City of Success; but this book is presented to the public with confidence, born of experience, that its lessons are in every way reliable.

SECTION ONE

THE PURPOSE AND METHOD OF KEEPING ACCOUNTS, WITH EXERCISES FOR PRACTICE IN ACCOUNTING

PRELIMINARY DEFINITIONS

Bookkeeping is the art of recording mercantile transactions in a regular and systematic manner so that one may know the true state of his business and property by an inspection of his books.

Business is any occupation by which a person seeks to obtain a livelihood or to acquire wealth.

Property is anything owned; or the exclusive right of possessing, enjoying, and disposing of a thing.

A Mercantile Transaction consists of an exchange of properties from one party to another.

Resources are the property, of all sorts, belonging to a merchant or man of business. Money, merchandise, amounts owing a merchant on account and on written promise to pay, and the like, are resources.

Liabilities are debts which one is under obligation to pay. Amounts owing others on account and on written promise to pay are liabilities.

Capital is the property employed in business.

A Debtor (Dr.) is a party who owes either money, goods, or services.

A Creditor (Cr.) is a party who trusts or gives credit in business, and hence one to whom money, goods, or services are due.

Cash, which originally meant a chest or box for holding money, is the general name for money or its equivalent.

Bills Payable are our notes or written obligations, held by others, to pay specified amounts when due.

Bills Receivable are others' notes or written obligations which we hold, for which we are to receive specified amounts when due.

Merchandise is the general name given to those wares, goods, or commodities which are bought and sold with a view to profit.

Real Estate is the name given to landed property, such as farms, houses and lots, stores, etc.

Interest is the compensation allowed for the use of money.

An **Account** is a statement of the debits and credits of mercantile or business transactions. It has two sides: the left-hand side is called the debit (Dr.) side, and the right-hand side is called the credit (Cr.) side. The difference between the sums of the items on the two sides is the result for which the account is kept.

The **Balance of an Account** is the difference between the footings of the two sides. An account has a debit balance when the Dr. side is the larger, and a credit balance when the Cr. side is the larger.

Form of Accounts

DR. SIDE			<i>Wm. E. Dodge</i>			CR. SIDE		
Date	Explanation	Amt.	Date	Explanation	Amt.			
1900 Aug. 23	Mdse.	175	1900 Sep. 15	Cash	100			
			" 15	Balance *	75			
		175 00			175 00			
Sep. 15	Balance	75						

The foregoing illustration shows that Mr. Dodge bought merchandise of me for \$175, on credit, Aug. 23, 1900; and that on Sep. 15, 1900, he paid me \$100, in cash: and it also shows that he still owes me a balance of \$75.

DR.			<i>Cash</i>			CR.		
(Received)						(Paid)		
19— Jan. 2	On hand	976 50	19— Jan. 3	Expense	17 45			
" 4	Mdse.	118 75	Jan. 4	Balance *	1077 80			
		1095 25			1095 25			
Jan. 4	Balance	1077 80						

This record shows that \$1095.25 has been received; that \$17.45 has been paid; and that there is a balance on hand of \$1077.80.

DR.			<i>Bills Payable</i>			CR.		
(Redeemed)						(Issued)		
19— Feb. 10	Cash	175 50	19— Feb. 1	Henry Rivers	175 50			
" 10	Balance *	350 75	" 5	James Field	350 75			
		526 25			526 25			
			Feb. 10	Balance	350 75			

This record shows the issue of our written promises for \$526.25; that \$175.50 has been redeemed; and that there is outstanding \$350.75.

* Italic type in accounts indicates red ink.

FORM OF ACCOUNTS

DR.		(Received)	<i>Bills Receivable</i>		(Disposed of)	CR.			
19— Mar.	1	<i>Wm. Dale</i>	287	90	19— Mar.	13	<i>Cash</i>	187	90
"	10	<i>James Brooks</i>	324	87	"	20	<i>Cash</i>	324	87
"	15	<i>Mdse.</i>	157	46	"	31	<i>Balance*</i>	257	46
			770	23				770	23
Mar.	31	<i>Balance</i>	257	46					

This record shows that \$770.23 of others' written promises have been received; that \$512.77 have been disposed of; and that \$257.46 remain on hand.

DR.		(Cost)	<i>Merchandise</i>		(Proceeds)	CR.			
19— Apr.	2	<i>Cash</i>	426	50	19— Apr.	14	<i>Cash (Sales)</i>	325	30
"	14	<i>Henry Glen</i>	225	33	"	20	<i>Bills Rec. "</i>	215	80
"	30	<i>Gain*</i>	91	27	"	30	<i>Balance, Inventory*</i>	202	
			743	10				743	10
Apr.	30	<i>Balance</i>	202						

This record shows that merchandise cost \$651.83; that the proceeds, including the inventory (value of goods left on hand), were \$743.10; and that the gain was \$91.27.

DR.		(Cost)	<i>Real Estate</i>		(Proceeds)	CR.			
19— May	1	<i>Bills Payable</i>	3450		19— May	10	<i>Bills Receivable</i>	3250	
"	15	<i>Cash</i>	2725		"	31	<i>Balance, Inventory*</i>	2800	
			6175	00	"	31	<i>Loss*</i>	125	
May	31	<i>Balance</i>	2800					6175	00

This record shows that real estate cost \$6175; that the proceeds, including the inventory, were \$6050; and that the loss was \$125.

DR.		(Cost)	<i>Interest</i>		(Proceeds)	CR.			
19— June	1	<i>Cash</i>	28	75	19— June	11	<i>Cash</i>	32	50
"	15	"	19	30	"	20	"	21	40
"	30	<i>Gain*</i>	33	35	"	25	"	27	50
			81	40				81	40

This record shows that the use of others' money cost us \$48.05; that others' use of our money produced us \$81.40; and that the net gain was \$33.35.

* Italic type in accounts indicates red ink.

FINANCIAL ACCOUNTS

Financial Accounts are those which are kept for the purpose of showing the standing of the business by exhibiting its resources and its liabilities.

CASH ACCOUNT

Cash is the title applied to coin or specie, and may include United States notes, gold and silver certificates, treasury notes, bank notes, bank checks, sight drafts, postal orders, express orders, certificates of deposit, and business paper readily converted into money.

PURPOSE OF THE CASH ACCOUNT

A **Cash Account** is kept for the purpose of showing the amount of money received, the amount of money paid, and the amount of money which should be on hand.

METHOD OF KEEPING A CASH ACCOUNT

The amount of cash on hand at the time of opening the account and all receipts of cash are entered on the debit side of the Cash account. When cash is parted with, the amount paid is entered on the credit side of the Cash account. The footing of the Dr. side of the Cash account will show the total cash receipts, and the footing of the Cr. side will show the total cash disbursements. The excess of the Dr. footing over the Cr. footing will show the amount of cash which should be on hand.

If the difference between the footings of the Dr. and the Cr. sides of the Cash account does not agree with the amount of cash on hand, an error has been made either in some cash transaction or in the record of the transaction.

ILLUSTRATION OF KEEPING A CASH ACCOUNT

1. Transactions.—Jan. 1, 19___. I have on hand this day \$459.80 in cash.----Jan. 2. Received \$175 cash from Charles Davis on account.----Jan. 3. Paid \$56.40 in cash for groceries bought this day.----Jan. 4. Paid D. C. Bell \$195 cash in full of account.----Jan. 5. Received \$123.75 cash on account of H. C. Butler.----Jan. 6. Received \$234.70 cash for Mdse. sold this day.----Jan. 8. Received \$49.70 cash of T. J. Gray, to apply on account.----Jan. 9. Paid \$91.75 cash in full of S. B. Todd's account.----Jan. 10. Received \$57.60 cash to apply on J. D. Bond's account.----Jan. 11. Paid George Davis for rent \$50 cash.----Jan. 12. Received \$176.25 cash for Mdse. sold this day.

Required, *the amount of cash received, the amount of cash paid, and the balance of cash on hand.*

Instruction.—The pupil will study the ledger record of each of these transactions as recorded on the following page.

CASH ACCOUNT

Form of Ledger Record

DR.		(Received)	Cash		(Paid)	CR.			
19—					19—				
Jan.	1	On hand	459	80	Jan.	3	Groceries	56	40
"	2	Charles Davis	175		"	4	D. C. Bell	195	
"	5	H. C. Butler	123	75	"	9	S. B. Todd	91	75
"	6	Mdse.	234	70	"	11	Rent	50

Total received, \$1960.19; total paid, \$634.90; balance on hand, \$1325.29.

* Italic type in accounts indicates red ink.

EXAMPLES FOR PRACTICE IN KEEPING A CASH ACCOUNT

Instruction.— After the student has studied the purpose of the Cash account, and the method of keeping it, as illustrated on pages 10 and 11, he should test his knowledge of the same by working the following examples, and submit his work to the teacher for inspection and instruction.

1. Transactions.— Jan. 1, 19— I have on hand cash, \$475.80.----Jan. 2. Paid cash for sundry expenses, \$14.75.----Jan. 3. Received cash of Henry Burton on account, \$44.25.----Jan. 4. Received cash for Mdse. sold this day, \$147.94.----Jan. 4. Paid Bell & Mabey cash on account, \$137.45.----Jan. 5. Received cash for a pair of horses sold Weed Munro, \$375.----Jan. 5. Paid John L. Smith for 3 tons of hay, at \$7.50, \$? .----Jan. 5. Received cash of A. N. Palmer in full of account, \$97.48.----Jan. 6. Paid Kiehle & Co. cash on account, \$15.----Jan. 6. Received cash of Hyde & Manley in full of their note, \$50.----Jan. 6. Paid cash for expenses, \$7.50.

Required, *the receipts, the disbursements, and the balance on hand.*

Form of Note referred to under date of Jan. 6, 19—

4. Transactions.—Feb. 1, 19—. C. C. Curtiss (partner) invests in business, cash, \$1800.---- Feb. 1. The Teacher (partner) invests in business, cash, \$1200.---- Feb. 1. The firm pays George Hale cash for rent of store, \$125.---- Feb. 2. Received cash for sales of Mdse., \$374.98.---- Feb. 3. Paid cash for Charles Huntress's sight draft on C. C. Curtiss for \$175.---- Feb. 5. Received cash in full of Jones & Co.'s note and interest; principal, \$125; interest, \$7.50; total, \$?.---- Feb. 6. W. J. Christie redeemed his note, our favor, in cash; face of note, \$275; interest at 6%, 3 mos., \$4.13.---- Feb. 7. Paid Wesley Neill's draft on Teacher for \$65, in Cash.---- Feb. 8. Paid Adam Cole cash in full of our note and interest; principal, \$130; interest at 6% for two months and twenty-four days, \$?; total, \$?.---- Feb. 9. Paid cash for Mdse. bought this day, \$750.

Required, total receipts, total disbursements, and balance on hand.

5. Transactions.—Feb. 12, 19—. Amount of cash on hand, \$2536.64.---- Feb. 12. Received cash of Rufus Choate in full of his note and interest; face of note, \$450; interest for six months, at 7%, \$?.---- Feb. 13. Paid C. S. Gilbert cash in full of our note, his favor; principal, \$375; interest, 60 days at 6%, \$?.---- Feb. 14. C. C. Curtiss (partner) made an additional cash investment of \$1200.---- Feb. 15. Teacher drew out \$25 cash for personal use.---- Feb. 15. Received cash from sales of Mdse., \$237.50.---- Feb. 15. Paid cash for clerk hire, \$125.---- Feb. 16. Paid C. E. Cady's draft on Teacher for \$110, in cash.---- Feb. 17. Received cash from sales of Mdse., \$321.40.---- Feb. 17. Received cash of C. B. Gilbert in full of his note and interest; principal, \$197.50; interest for three months, at 7%, \$?; total, \$?.

Required, total receipts, total disbursements, and balance on hand.

6. Transactions.—Feb. 19, 19—. Cash on hand, \$4322.54.---- Feb. 19. Bought of Homeville Bank, for cash, a draft on Union Bank, Chicago, for \$500, at $\frac{1}{2}$ % premium, and remitted the same to Marshall Field & Co., on account; premium, \$?; total, \$?.---- Feb. 20, cash sales of Mdse., \$374.85.---- Feb. 20. Paid cash for Byron Horton's sight draft on C. C. Curtiss (partner) for \$250.---- Feb. 21. Received cash for C. L. Sawyer's note due this day; principal, \$220; interest for six months at 7%, \$?; total, \$?.---- Feb. 23. Teacher (partner) made an additional cash investment of \$1000.---- Feb. 23. Borrowed of Homeville Bank, on our note at 90 days, \$1000; and on this note we paid interest at 7% in advance, \$?.---- Feb. 24. Received cash of W. F. Phelps, in full of all demands, \$149.75.---- Feb. 26. Cash sales of Mdse., \$427.30.---- Feb. 27. Bought for cash, Mdse., \$275.

Required, total receipts, total disbursements, and balance on hand.

PERSONAL ACCOUNTS

PURPOSE OF KEEPING PERSONAL ACCOUNTS

Personal Accounts are those financial accounts which are kept with persons, partnerships, or corporations for the purpose of showing, at any time, whether such persons, partnerships, or corporations are indebted to us, or we to them, and how much in either case.

Our dealings on account with an individual should be recorded under the individual's name; our dealings with a partnership, under the firm's name; our dealings with a corporation, under the name of the corporation.

METHOD OF KEEPING PERSONAL ACCOUNTS

When a party (person, partnership, or corporation) receives value from us on a verbal or implied promise to pay at some future time, the amount of the debt is entered on the debit side of his account. When a party gives value to us on our verbal or implied promise to pay at some future time, the amount of the credit is entered on the credit side of his account. The difference between the footings of the Dr. and Cr. sides of a personal account shows the standing of the account. When the footing of the Dr. side of a personal account exceeds the footing of the Cr. side, the party owes us the excess. When the footing of the Cr. side of a personal account exceeds the footing of the Dr. side, we owe him the excess.

ILLUSTRATION OF KEEPING PERSONAL ACCOUNTS

1. Transactions with E. A. Sheldon.—Feb. 1, 19—. Sold him Mdse. on credit, \$179.60.----Feb. 2. Sold him Mdse. on credit, \$118.75.----Feb. 3. Received cash from him on account, \$175.----Feb. 5. Bought of him, on credit, 15 bbls. flour, at \$5.60, \$84.----Feb. 6. Sold him Mdse. on credit, \$192.46.----Feb. 7. Received cash from him on account, \$150.----Feb. 8. EXAMPLES FOR PRACTICE IN KEEPING PERSONAL ACCOUNTS

Instruction.—When the pupil has become familiar with the purpose and method of keeping personal accounts as illustrated on pages 14 and 15, he will work the following examples, using the Practice Ledger, and submit the result of each to the teacher for inspection and for further instruction.

1. My Dealings with a Farmer.

Transactions.—Feb. 1, 19—. I am owing Anthony Austin a balance of \$465.75.----Feb. 2. Sold him, on credit, Mdse. amounting to \$164.50.----Feb. 28. Paid him cash on account, \$150.----Mar. 14. Bought of him, on credit, 2 tons of hay, at \$13.50, \$?.----Apr. 4. Sold him, on credit, Mdse. amounting to \$86.75.----May 10. Bought of him, on credit, a pair of matched horses for \$275.----June 1. Bought of him, on credit, 75 bush. of oats, at 50¢, \$?.----June 2. Sold him, on credit, Mdse. amounting to \$97.45.----June 5. Bought of him, on credit, 2 cows, at \$45 each, \$?.----June 10. Paid him on account, cash, \$150.----June 15. Sold him on credit, Mdse., \$30.

Required, *the balance due him or me.*

2. My Dealings with a Merchant.

Transactions.—Mar. 1, 19—. Benoni Butler owes me on account a balance of \$267.50.----Mar. 3. Bought of him, on credit, dry goods amounting to \$69.50.----Mar. 20. Received cash of him, on account, \$75.----Apr. 1. Bought of him dry goods amounting to \$42.25.----Apr. 15. Received his check on Homeville Bank for \$50, on account.----May 3. Sold him, on credit, a pair of carriage horses for \$315.----May 10. Received his check for \$250, on account.----June 10. Sold him, on credit, 3 tons of hay, at \$12.50, \$?.----June 15. Sold him, on credit, 45 bush. of oats, at 48¢, \$?.----June 20. Sold him, on credit, 50 bush. corn, at 53¢, \$?.----June 30. Sold him, on credit, 4 cords of maple wood at \$4.50, \$?.

Required, *the balance due him or me.*

3. My Dealings with Four Merchants.

Transactions.—Apr. 1, 19—. I owe Edward North, on account, \$257.90, and Charles West, on account, \$495.80.----Apr. 12. Bought of Edward North, on credit, a bill of dry goods, \$575.60.----Apr. 24. Paid Charles West cash on account, \$250.----Apr. 30. Gave my note to Edward North for \$?, in full for balance due him on account Apr. 1.----May 1. Bought of Henry Eastman, on credit, a bill of hardware, \$176.56.----May 5. Paid Henry Eastman cash on account, \$100.----May 7. Bought of James Southwell, on credit, an invoice of crockery, \$96.50.----May 8. Passed my note, drawn at thirty days, with interest, to Henry Eastman, on account, \$50.----May 10. Bought of Charles West, on account, groceries, \$840.75.----May 31. Bought of Edward North, on credit, dry goods, \$397.80.----June 1. Paid Charles West's draft on me for balance due him May 1, \$?.----June 1. Paid Edward North cash in full of his bill of Apr. 12, \$?.----June 15. Bought of Charles West, groceries, per bill, \$680.50; paid him cash for one half of bill, \$?.----June 21. Bought of Edward North, dry goods, per invoice, \$794.80.----June 22. Paid James Southwell cash on account, \$46.50.----June 25. Settled my account with Henry Eastman by giving him my check on Homeville Bank for \$?.----June 30. Bought, on credit, of Henry Eastman, hardware, per invoice, \$79.45.

Required, *the standing of each merchant's account.*

4. A Merchant's Accounts with Six Customers.

Transactions. — May 1, 19—. Sold Allen Miller, on credit, Mdse., \$27.50.---- May 3. Sold B. Horton, on credit, Mdse., \$7.98.---- May 5. Received cash of Allen Miller on account, \$15.---- May 10. Sold Charles E. Cady, on credit, Mdse., \$21.60.---- May 12. Sold Allen Miller, on credit, Mdse., \$35.60.---- May 14. Sold B. Horton Mdse., \$34.50; received cash for one half, \$? .---- May 16. Received cash to apply on B. Horton's account, \$20.---- June 4. Sold B. Horton Mdse., \$27.40; received cash for one half, \$? .---- June 7. Sold C. E. Cady Mdse., \$42.80; received cash for one half, \$? .---- June 10. Sold La Selle H. White, on credit, Mdse., \$15.75.---- June 12. Sold Mary A. Ward, on credit, Mdse., \$27.50.---- June 15. Sold Alice Scheurman, on credit, Mdse., \$48.75.---- June 18. Received La Selle H. White's check for \$10, on account.---- June 20. Received cash of Mary A. Ward, on account, \$15.---- June 22. Sold Alice Scheurman Mdse., \$37.50; received cash for one half, \$? .---- June 30. Received Alice Scheurman's check in settlement of her bill of June 15, \$? .

Required, *the standing of each customer's account.*

5. A Merchant's Accounts with Several Parties.

Transactions. — June 1, 19—. Bought of Charles Brown, on credit, a bill of goods, \$2500.---- June 5. Sold Thomas Gray, on credit, goods, \$45.---- June 11. Sold James White goods, \$38.50; received cash for one half, \$? .---- June 15. Sold Henry Black, on credit, goods, \$22.50.---- June 18. Sold James White, on credit, goods, \$31.50.---- June 21. Paid Charles Brown cash, \$1250.---- June 25. Received cash from Thomas Gray, on account, \$30.---- June 30. Received cash of Henry Black, on account, \$10.---- July 2. Sold George Green goods, \$77; received cash for one half, \$? .---- July 3. Sold Mrs. Henry Black goods, \$46.50; received cash for one half, \$? .---- July 16. Paid Charles Brown, cash, \$500.---- July 18. Received cash of Thomas Gray, \$15.---- July 20. Sold James White, on credit, goods, \$61.25.---- July 23. Sold George Green, on credit, \$79.60.---- July 24. Sold Henry Black, on credit, goods, \$49.70.---- Aug. 2. Sold George Green, on credit, goods, \$56.90.---- Aug. 6. Paid Charles Brown, on account, \$750.---- Aug. 7. Sold George Green, on credit, goods, \$94.60.---- Aug. 10. Received cash, \$25, from James White, on account.---- Aug. 16. Received from Henry Black, on account, cash, \$50, and from George Green \$75, cash, on account.

Required, *the standing of each account.*

6. A Merchant's Accounts with Several Parties.

Transactions. — July 2, 19—. Bought of Ashwood & Co., N.Y., on credit, an invoice of goods, \$1575.---- July 2. Bought of Homeville Bank, per check, Chicago exchange for \$750, and remitted the same to Spruce & Co., Chicago, to apply on account.---- July 23. Received Charles Maple's Check for \$? , in full of account.---- July 25. Bought of Homeville Bank, per check, New York exchange for \$? , and remitted the same to Ashwood & Co., N.Y., in full of account.

Required, *the standing of each account.*

BANK ACCOUNT

It is the custom of prudent business men to deposit their money in a bank for safe keeping, and to withdraw such amounts as may be needed by checks.

A Check is an order for money, drawn by a depositor, on a bank or on an officer of a bank, and is payable on presentation at the bank.

A Depositor is a party who makes a deposit in a bank.

A Deposit is money or other value placed in a bank for safe keeping and subject to order.

When a deposit is made, the depositor makes a statement in writing, called a Deposit Ticket or Slip, which sets forth the date, the name of the depositor, the kind of funds deposited, whether coin, bills, checks, notes, or drafts, and the amounts. See page 105. The deposit ticket, together with the funds to be deposited, is passed to the receiving teller of the bank, who acknowledges the receipt of the funds by making an entry in the depositor's bank pass book.

A Bank Pass Book is a small account book which the bank furnishes to a depositor. It contains a record of all deposits, and of all sums paid on depositor's checks. See page 105 for form of bank pass book.

When the depositor wishes to use the funds which he has on deposit, he draws a check and delivers it to the person to whom the money is to be paid. This person, called the Payee, may present the check to the paying teller of the bank and obtain the amount expressed therein, or he may transfer the check to some other party.

A check drawn by another party, when received and held by us, is usually considered as cash.

Many accountants keep no other Bank account than that on the margin of the check book, considering the funds on deposit as *cash on hand*, though in the custody of the bank for safety.

PURPOSE OF KEEPING A BANK ACCOUNT

An account is kept with a bank for the purpose of showing at any time the amount of our funds deposited in the bank, the amount withdrawn by check or otherwise, and the balance on deposit.

METHOD OF KEEPING A BANK ACCOUNT

When funds are deposited in a bank, the amount is entered on the Dr. side of the Bank account. When money is withdrawn from the bank, the amount expressed on the face of the check is entered on the Cr. side of the Bank account. The excess of the footing of the Dr. side will show the balance on deposit. An excess of the Cr. footing will show an overdraft.

ILLUSTRATION OF KEEPING A BANK ACCOUNT

Transactions. — Jan. 2, 19—. Deposited cash in Homeville Bank, \$1500.----
 Jan. 4. Drew check, favor of W. H. Laird, to apply on account, \$57.80.----Jan. 6. Paid Harry B. Curtiss, on account, per check, \$64.80.----Jan. 8. Paid Irwin Shepard \$27.50, per check, in full of account.----Mar. 6. Deposited cash, \$375.----Mar. 7. Bought Mdse. of John L. Thomas, per check, \$17.25.----Mar. 10. Paid James L. Strong in full of all demands, per check, \$87.50.

Required, total deposits, total withdrawals, balance on deposit.

BILLS RECEIVABLE ACCOUNT

Bills Receivable are other persons' notes and acceptances in our possession, so called because we, as holders, are to receive the amounts named therein.

Form of Acceptance Receivable

	\$100 ⁰⁰ .	ALBANY, N.Y., March 3, 19--
	At Thirty days'	Sight, value received,
	Pay to Th. E. Student	or order,
	One Hundred and ⁰⁰ / ₁₀₀	Dollars,
	and charge to the account of	
To David H. Cochran	George W. Plympton.	
Clinton, N.Y.	Accepted Mar. 4, 19-- David H. Cochran	

PURPOSE OF KEEPING A BILLS RECEIVABLE ACCOUNT

A **Bills Receivable Account** is kept for the purpose of showing, at any time, the amount of notes and acceptances received, the amount disposed of, and the amount on hand.

METHOD OF KEEPING A BILLS RECEIVABLE ACCOUNT

When another person's written promise to pay (note or acceptance) is received, its face amount is entered on the Dr. side of this account. When the promise is redeemed, or the paper disposed of, its face value is entered on the Cr. side of this account. The excess of the Dr. side will show the amount of negotiable paper on hand.

When a partial payment is made on a note or acceptance, the amount of the payment should be indorsed on the back of the instrument, and also entered on the Cr. side of Bills Receivable account.

See page 126 for indorsements.

ILLUSTRATION OF KEEPING A BILLS RECEIVABLE ACCOUNT

1. **Transactions.**—Mar. 1. Received David Burt's note at 90 days in full of account, \$150.----Mar. 2. Received D. L. Kiehle's note at 3 days in settlement of account, \$247.94.----Mar. 3. BILLS PAYABLE ACCOUNT

Bills Payable is a name given to our written promises to pay (notes and acceptances) issued by us, because we are to pay the amounts named therein.

Form of Acceptance Payable

	\$255 ⁰⁰ .	MINNEAPOLIS, MINN. , Aug. 23, 19—.
	At <i>Sixty days'</i> _____	sight, value received,
	Pay to <i>Charles Davies</i> _____	or order,
	<i>Two Hundred Fifty-five and</i> _____	Dollars,
	and charge to the account of _____	
To <i>Th. E. Student,</i> <i>Seattle, Wash.</i>	<i>Accepted Aug. 21, 1910</i> <i>Albert S. Husted.</i>	

PURPOSE OF KEEPING A BILLS PAYABLE ACCOUNT

A **Bills Payable Account** is kept for the purpose of showing the amount of our written promises issued, the amount redeemed, and the amount outstanding.

METHOD OF KEEPING A BILLS PAYABLE ACCOUNT

When we issue our written promise to pay money (sign a note or accept a draft), the face of the note or draft is entered on the Cr. side of this account. When we redeem our written promise, the face is entered on the Dr. side of this account. The excess of the Cr. side will show what we are owing on our outstanding written obligations.

Partial payments are entered on the Dr. side of this account, and should be indorsed by the holder on the back of the paper.

ILLUSTRATION OF KEEPING A BILLS PAYABLE ACCOUNT

1. Transactions. — Apr. 2. Gave my note to C. C. Brand, in settlement of account, at 10 days, for \$75.60.---- Apr. 3. Issued my note to Allen Hyde, in payment of Mdse. bought, \$275.90, at 10 days.---- Apr. 3. Passed my note, at 12 days, to Henry Gold, in payment of rent for the month, \$130.---- Apr. 4. EXAMPLES FOR PRACTICE IN KEEPING A BILLS RECEIVABLE ACCOUNT

1. Transactions.—May 1. I have on hand A. M. Keith's note for \$190; B. N. Hurd's note for \$75; J. C. Bryden's acceptance for \$275; H. H. Kellogg's acceptance for \$195.----May 3. Sold J. M. Williams, on his note at 90 days, Mdse., \$74.90.----May 4. Received J. S. Pillsbury's note at 30 days, in full of account, \$143.75.----May 5. Received cash, in full of A. M. Keith's note, \$?.----May 7. Bought a horse of B. N. Hurd, giving, in full payment, his note, \$?.----May 8. Sold J. M. Williams's note of \$? for cash.----May 9. Sold George R. Newell Mdse., and received in payment his draft at one day's sight on E. A. Camp for \$157.60, which was accepted this day.----May 10. Bought for cash Davis & Co.'s note for \$100.

Required, the amount received, the amount disposed of, and the amount on hand.

2. Transactions.—May 15. I have on hand Gale & Rust's note for \$179.50; Barnes & Co.'s note for \$87.90; C. A. Pillsbury's acceptance, my favor, for \$96.60; Steele & Avery's acceptance, favor of H. A. Gale, for \$76.----May 21. Bought of C. A. Pillsbury bill of flour, and gave in payment his acceptance, \$?.----May 22. Received C. S. Fowler's note for \$47.90, in full settlement of account.----May 24. Drew on J. C. Bryant for balance of account, \$97.75, and he returns the draft accepted.----May 25. Bought C. E. Cady's note of \$198.75 for cash.----May 26. Sold Gale & Rust's note for cash, \$?.----May 26. Received cash from Steele & Avery, in full of their acceptance, \$?.----May 28. C. S. Fowler redeems his note in cash, \$?.

Required, the amount received, the amount disposed of, and the amount on hand.

EXAMPLES FOR PRACTICE IN KEEPING A BILLS PAYABLE ACCOUNT

1. Transactions.—June 1. I have notes outstanding as follows: one in favor of William Phraner for \$357; one in favor of S. G. Howe for \$540; and one in favor of George Fisher for \$275.50.----June 2. Passed my note to C. M. Loring for \$290 in payment of Mdse. bought to-day.----June 4. Paid William Phraner in full of my note, his favor, \$?.----June 6. Issued a new note, favor of S. G. Howe, for \$300 for note due to-day, \$?, and paid him cash for the balance, \$?.----June 9. Accepted George Brandreth's draft at three days' sight, favor of L. Fisher, for balance of account, \$135.70.----June 11. Bought groceries, on my note at 30 days, for \$259.80.----June 15. Paid my note, favor of George Fisher, by giving him cash, \$100, and a new note for balance, \$?.

Required, the amount issued, the amount redeemed, and the amount outstanding.

2. Transactions.—June 16. I am owing J. D. Bond, on note, \$275; H. G. Hicks, on my acceptance, \$257.50.----June 16. Gave my note at one month to L. D. Harvey for rent to July 1, \$65.----June 18. Accepted A. L. Paris's draft at 6 days, favor of William C. Smith, in full of account, \$125.50.----June 18. Paid cash for my acceptance, favor H. G. Hicks, due this day, \$?.----June 20. Bought Mdse. on my note at 10 days, of Bell Brothers, \$472.80.----June 22. Paid J. D. Bond cash in full of my note, his favor, due this day, \$?.----June 23. Accepted W. K. Hicks's draft at 10 days, favor C. L. Sawyer, \$197.50.----June 27. Paid William C. Smith for my acceptance of June 18, \$?.----June 29. Passed my note to Frederick Curtiss for \$98.70, in full of account.

Required, the amount issued, the amount redeemed, and the amount outstanding.

EXAMPLES FOR PRACTICE INVOLVING BOTH BILLS RECEIVABLE AND BILLS PAYABLE ACCOUNTS

1. Transactions.—July 2. I have on hand the following negotiable paper: Barnes & Co.'s note for \$87.90, due July 12; J. C. Bryant's note, due July 14, for \$47.25; C. E. Cady's note, due July 10, for \$198.75; Hiram Bird's note for \$167.50, due July 25; and I am owing on outstanding paper, as follows: L. D. Harvey, on my note due July 19, \$65; Bell Brothers, on my note due July 3, \$472.80; Frederick Curtiss, on my note dated June 29, \$98.70; and C. L. Sawyer, on my acceptance due July 6, \$197.50.----July 3. Paid Bell Brothers cash in full payment of my note, their favor, due this day, \$?.----July 6. Paid my acceptance, favor of C. L. Sawyer, by giving him cash, \$100, and my note at 10 days for the balance, \$?.----July 10. Received payment of C. E. Cady, for his note due to-day, \$100 in cash, and his new note for the balance, \$?, at 15 days.----July 12. Received cash in full payment of Barnes & Co.'s note, due this day, \$?.----July 14. Bought Mdse. of Bell Brothers amounting to \$115.75; gave them in payment J. C. Bryant's note, due this day, \$?, and cash for the balance, \$?.----July 16. Paid Frederick Curtiss cash in full of my note, his favor, \$?, due this day.----July 18. Redeemed my note, in favor of L. D. Harvey, due to-morrow, \$?, by paying him cash, \$40, and my new note at 10 days for the balance, \$?.----July 25. Hiram Bird redeemed his note, due this day, by paying cash, \$100, and a new note for the balance, at 30 days, \$?.----July 30. Passed my note to Brown Brothers, in settlement of account, \$78.50.----July 31. Paid L. D. Harvey cash in full of my note, \$?.----July 31. Received C. H. Child's note at one month, in full of account, \$221.50.

Required, amount of others' paper received, my paper issued, others' paper disposed of, my paper redeemed, others' paper on hand, and my paper outstanding.

2. Transactions.—Aug. 1. We, Th. E. Student and C. C. Curtiss, enter into partnership this day under the firm name of Student & Curtiss. Th. E. Student contributes, with other resources, a note, his favor, dated July 6, 19—, drawn at one month without grace, for \$750, signed by Adams & Briggs; a draft, his favor, dated July 3, drawn by Davis & Earl on Frink & Gage, at thirty days' sight, for \$250, and accepted July 5.----The firm assumes, for Th. E. Student, his note at two months, without grace, favor of Hughes & Irving, dated June 4, 19—, for \$75; his acceptance of Jones & King's draft at sixty days' date, from June 12, 19—, without grace, for \$125, in favor of Lane & Myers.----Aug. 1. C. C. Curtiss contributes, with other resources, a note made by Newton & Ogden, his favor, dated May 5, at three months, without grace, for \$500; a draft, his favor, dated May 5, drawn by Penny & Quincy on Rich and Steel, at 90 days' sight, for \$350, and accepted May 17.----The firm assumes for C. C. Curtiss his note at three months from May 7, favor of Utley & Vance, for \$175; his acceptance of Wise & Co.'s draft, favor of Young & Zier, for \$140, drawn May 10, at ninety days, and accepted May 12.----Aug. 2. Received Aaron Brown's note at thirty days, for \$55, on account.----Aug. 3. Bought Mdse. on our note at two months, of Castle & Dunn, for \$450.----Aug. 6. Received cash in full of Adams & Briggs's note, \$?.----Aug. 7. Paid cash in full of C. C. Curtiss's note, favor of Utley & Vance, \$?.----Aug. 10. Passed our note to Evans & Folds, at ten days, in full of account, for \$150.----Aug. 11. Paid Th. E. Student's acceptance, favor Lane & Myers, per check, \$?.----Aug. 15. Received cash in full of Rich & Steel's acceptance, favor of C. C. Curtiss, \$?.

Required, the standing of the Bills Receivable account and the standing of the Bills Payable account.

BUSINESS ACCOUNTS

Business Accounts are those which are kept for the purpose of ascertaining the current condition of a business by exhibiting its losses and its gains.

Business enterprises are undertaken for the purpose of obtaining a livelihood, or acquiring wealth, and all those accounts which are used to show the progress of the business—the gains or the losses—are called Business Accounts.

A person engaged in the buying and selling of goods would use Merchandise account to represent the progress of the business; one engaged in manufacturing would use Manufacturing account; one engaged in a professional business, as lawyer, doctor, teacher, etc., would use Service account; one engaged in agency work would use Commission account, etc.

MERCHANDISE ACCOUNT

Merchandise means those wares, goods, or commodities which are bought and sold with a view to profit, but does not include real estate.

PURPOSE OF KEEPING A MERCHANDISE ACCOUNT

A **Merchandise Account** is kept for the purpose of showing the cost of goods purchased, the proceeds from the sales, and the gains or losses which result in dealing therein.

METHOD OF KEEPING A MERCHANDISE ACCOUNT

The value of the merchandise on hand at the time of opening the account, and the cost of all subsequent purchases, are entered on the **Dr.** side of this account. The proceeds from the sales are entered on the **Cr.** side of this account. If the goods are all sold, the excess of the **Cr.** side will show a gain, or the excess of the **Dr.** side will show a loss. If the goods are not all disposed of, the market value of those remaining on hand must be added to the **Cr.** side of this account before finding the excess of either side.

ILLUSTRATION OF KEEPING A MERCHANDISE ACCOUNT

1. **Transactions.**—Aug. 1, 19— Mdse. on hand is valued at \$1050.----Aug. 2. Bought Mdse. of Marshall Field & Co. for cash, \$1575.----Aug. 3. Sold Mdse. to E. H. Hallock for cash, \$97.80.----Aug. 4. Sold Mdse. to M. Blethen, on credit, \$176.50.----Aug. 6. Bought Mdse. of J. Walker & Co., on credit, \$987.50.----Aug. 7. Cash sales of Mdse. this day amount to \$376.80.----Aug. 9. Sold H. S. Parks, on credit, Mdse., \$37.50.----Aug. 10. Sold Mdse. to S. G. Howe, on his note at 60 days, \$497.80.----Aug. 11. Sold H. G. Hicks, on credit, Mdse., \$76.40.----Aug. 13. Cash sales to-day of Mdse., \$246.80.

Aug. 14. Value of Mdse. unsold, \$2547.80.

Required, *the cost of Mdse., the proceeds, and the gain or the loss.*

Form of Ledger Record

Required, *the gain or the loss on coal, and the gain or the loss on wood.*

SHIPMENT ACCOUNTS

When merchandise is sent away to be sold for and on account of the shipper, the record of the shipment, the cost, and the proceeds or returns from sales are kept in a Shipment account.

PURPOSE OF KEEPING SHIPMENT ACCOUNTS

A Shipment Account is kept for the purpose of showing the gain or loss on merchandise sent away to be sold for and on account of the shipper.

METHOD OF KEEPING SHIPMENT ACCOUNTS

The value of the goods shipped and the expenses incurred are entered on the Dr. side of the shipment account, and the returns or proceeds are entered on the Cr. side of the account. The excess of the Cr. side of this account will show a gain; or the excess of the Dr. side will show a loss.

ILLUSTRATION OF KEEPING SHIPMENT ACCOUNTS

1. Transactions. — July 2, 19—. Shipped from goods in store to Packard & Co., New York, to be sold on my account and risk, a bill valued at \$750.----July 31. Received an account sales of shipment to New York; net proceeds, \$825, remitted.

Required, the gain or the loss.

Form of Ledger Record

Dr.		(Cost)	<i>Shipment to New York</i>				(Proceeds)	Cr.
<i>19—</i>				<i>19—</i>				
<i>July</i>	<i>2</i>	<i>Merch.</i>	<i>750</i>	<i>July</i>	<i>31</i>	<i>Cash</i>	<i>825</i>	
<i>"</i>	<i>31</i>	<i>Gain</i>	<i>75</i>					
			<i>825 00</i>				<i>825 00</i>	

Proceeds, \$825; cost, \$750; gain, \$75.

2. Transactions. — Aug. 1, 19—. Shipped from store to Brown & Co., Chicago, goods valued at \$497.60, to be sold on my account and risk.---- Aug. 3. Shipped to Baltimore, and consigned to Sadler & Co., to be sold on my account and risk, goods from store valued at \$960.50.---- Aug. 10. Shipped to Brown & Co., Chicago, to be sold on my account and risk, goods from store invoiced at \$795.75.---- Aug. 18. Received from Brown & Co., Chicago, an account sales of the goods shipped them Aug. 1, showing net proceeds to our credit, \$477.36.---- Aug. 18. Shipped from store, and consigned to Sadler & Co., Baltimore, to be sold on my account and risk, goods invoiced at \$627.30.---- Aug. 20. Received an account sales from Sadler & Co., Baltimore, of the goods shipped them Aug. 3; net proceeds, \$1050.75, remitted by draft on New York.---- Aug. 30. Received an account sales of the shipment to Brown & Co., Chicago, Aug. 10; net proceeds, in the hands of the consignee, \$860.45.---- Aug. 31. Received from Sadler &

Co., Baltimore, an account sales of the goods shipped them Aug. 18; net proceeds passed to my credit are \$598.60.

Required, the gain or loss on the shipments to each city.

NOTE.—Several shipments to the same firm may be entered under one head, as illustrated below.

Form of Ledger Record

EXAMPLE FOR PRACTICE IN KEEPING SHIPMENT ACCOUNTS

Transactions. — Sep. 1, 19—. Shipped wheat to Buffalo, consigned to J. C. Bryant, to be sold on my account and risk, invoiced at \$2150.----Sep. 3. Shipped 1000 bus. potatoes to New Orleans, consigned to George Soule, to be sold on my account and risk, invoiced at 45¢, \$?; drayage, \$17.25.----Sep. 5. Shipped corn to Albany, consigned to E. G. Folsom, to be sold on my account and risk, invoiced at \$428.50.----Sep. 8. Shipped barley to Milwaukee, consigned to R. C. Spencer, invoiced at \$1750.----Sep. 10. Shipped to Cleveland, consigned to E. R. Felton, rye, invoiced at \$1987.50.----Sep. 14. Received an account sales of wheat shipped to Buffalo; net proceeds, \$2365.----Sep. 15. Shipped J. R. Camp, Cincinnati, barley, invoiced at \$1590.----Sep. 20. Received from E. G. Folsom, Albany, an account sales of corn shipped Sep. 5; net proceeds to my credit are \$460.50.----Sep. 24. Received from R. C. Spencer, Milwaukee, an account sales of barley shipped Sep. 8; net proceeds to my credit are \$1649.----Sep. 25. Received from E. R. Felton, Cleveland, an account sales of rye shipped Sep. 10; net proceeds to my credit are \$2185.70.----Sep. 29. Received from J. R. Camp, Cincinnati, an account sales of barley shipped Sep. 15; net proceeds to my credit are \$1568.70.----Oct. 1. Received from George Soule, New Orleans, an account sales of 1000 bus. potatoes shipped to him Sep. 3; the net proceeds amount to \$587.75, for which he inclosed his note at 10 days, with interest, dated Sep. 27, 19—.

Required, the gain or loss on each shipment.

REAL ESTATE ACCOUNT

Real Estate means houses and lands; immovable property, as distinguished from personal or movable property.

The ownership of merchandise may be transferred from one party to another by simple agreement and delivery; the ownership of real estate is transferred or conveyed by a deed.

A **Deed** is a writing on parchment or paper, for the purpose of conveying real estate, authenticated by the seal of the party transferring it, and by his acknowledgment to a notary public or other proper official.

PURPOSE OF KEEPING A REAL ESTATE ACCOUNT

A **Real Estate Account** is kept for the purpose of showing the cost of houses and lands purchased; the cost of subsequent improvements, repairs, taxes, etc.; the proceeds from sales and rents; and the gain or loss resulting from dealing in real estate.

METHOD OF KEEPING A REAL ESTATE ACCOUNT

The value of real estate on hand at the time of opening the account, and the cost of all subsequent purchases, improvements, repairs, and taxes are entered on the Dr. side of the account. The proceeds from sales and rent are entered on the Cr. side of the account. If the property is all sold, the excess of the Cr. side will show the gain, or the excess of the Dr. side will show the loss. If the property is not all disposed of, the market value of that on hand, together with rents accrued but not paid, must be added to the Cr. side, and the unpaid taxes, etc., must be added to the Dr. side, before finding the excess of either side.

ILLUSTRATION OF KEEPING A REAL ESTATE ACCOUNT

1. Transactions.—June 1, 19—. I own a house and lot on West Main St. valued at \$3750.----June 2. Bought a lot and two-story house, No. 47 Loring Av., for cash, \$2900.----June 9. Paid \$15 cash for repairs on West Main St. house.----June 15. Received cash for rent of West Main St. house, \$35.----June 16. Paid taxes on Loring Av. property, \$75.----June 18. Bought store and lot, No. 25 Broadway, on my note, for \$3150, secured by mortgage on the property.----June 20. Received cash for rent of Loring Av. property, \$27.50.----June 23. EXAMPLES FOR PRACTICE IN KEEPING REAL ESTATE ACCOUNTS

1. Transactions.—Aug. 1. I have in possession a house and lot, No. 79 Broad St., valued at \$4500, and a store and lot, No. 94 East Main St., valued at \$12,000.----Aug. 4. Bought of John S. Pillsbury, on my note at 3 years, secured by mortgage on the property, house and lot, 54 Pillsbury Av., for \$9575.----Aug. 10. Paid cash for repairs on house, 79 Broad St., \$127.50.----Sep. 1. Received cash for rent of house, 79 Broad St., \$40.----Sep. 1. Received cash for rent of store, 94 East Main St., \$105; and for rent of offices on second floor, \$42, for August.----Sep. 1. Received cash for rent of house and lot, 54 Pillsbury Av., from Aug. 10 to date, \$50.----Sep. 15. Paid cash for new walk in front of store, 94 East Main St., \$175.----Oct. 1. Received cash in full for rent of house and lot, 54 Pillsbury Av., for September, \$75.----Oct. 1. Received cash for rent of house, 79 Broad St., for September, \$40.----Oct. 1. Received for rent of store, 94 East Main St., \$105; for rent of offices, second floor, \$42, for September.----Oct. 10. Paid cash to Charles Wilkins for plumbing in house on Pillsbury Av., \$14.75.----Oct. 15. Paid taxes on house and lot, 79 Broad St., for one year, \$37.60.----Oct. 15. Paid cash for taxes on store and lot, 94 East Main St., \$106.30.----Oct. 31. Paid Thomas Forster's bill for carpenter work on Pillsbury Av. property, \$37.50 in cash.----Nov. 1. Received \$75 of Dr. W. H. Hall for rent of house and lot, 54 Pillsbury Av., for the month of October.----Nov. 1. Received cash for rent of house, 79 Broad St., \$40; for rent of store, \$105; for rent of offices, \$42; total, \$? .----Dec. 1. Received cash for rent of house, 79 Broad St., \$40.

Dec. 31. House and lot, 79 Broad St., is valued at \$5000; store and lot, 94 East Main St., at \$12,500; house and lot, 54 Pillsbury Av., at \$9750; rent due and unpaid on house, 79 Broad St., one month, \$40; on store and offices, 2 months, at \$147, \$? ; on house and lot, 54 Pillsbury Av., for 2 months, at \$75, \$? .

Required, the gain or the loss on each piece of property.

2. Transactions.—Sep. 1, 19—. I own the following property: house and lot, 97 Park Av., valued at \$13,500; three-story store and offices, 27 Front St., valued at \$16,000; office building, 47 and 49 Broadway, \$11,000.----Sep. 1. Paid cash for insurance of Park Av. house, for \$12,000, at $\frac{3}{4}\%$, \$? ; Front St. store, \$12,000, at $1\frac{1}{4}\%$, \$? ; Broadway building, \$9000, at $1\frac{1}{2}\%$, \$? .----Sep. 3. Collected cash for rent for September, as follows: Park Av. house, \$100; Front St. store, \$125; Front St. offices, \$96; Broadway building, \$180.----Sep. 15. Paid cash for water tax on Broadway building, \$18.75.----Sep. 20. Paid water tax on Front St. property, \$22.30.----Sep. 22. Bought house and lot, 14 Gold St., for cash, \$7500.----Oct. 1. Received cash for rents for October as follows: Park Av. house, \$100; Front St. store, \$125; Front St. offices, \$96; Broadway building, \$180; Gold St. house, \$45.----Oct. 13. S. C. Smith presents his bill for repairs as follows, which I allow: On Broadway building, \$28.75; on Front St. store, \$29.60; on Park Av. house, \$41.60.----Nov. 1. Collected rents for November, in cash: Park Av. house, \$100; Front St. store, \$125; Front St. offices, \$96; Broadway building, \$180; Gold St. house, \$45.----Nov. 10. Paid cash for plumbing, as follows: Park Av. house, \$15.75; Front St. store, \$8.30; Broadway building, \$22.40; Gold St. house, \$17.90.----Dec. 1. Collected cash for rent for December, as follows: Park Av. house, \$100; Front St. store, \$125; Front St. offices, \$96; Broadway building, \$180; Gold St. house, \$45.

Dec. 31. Value of Park Av. property, \$13,750; Front St., \$16,000; Broadway, \$10,000; Gold St., \$7250.

Required, the gain or the loss on each piece of property.

INTEREST ACCOUNT

If we use other people's money, we may pay them for the use thereof; and if other people use our money, we may receive pay from them for its use. This compensation for the use of money is called Interest.

PURPOSE OF KEEPING AN INTEREST ACCOUNT

An **Interest Account** is kept for the purpose of showing the cost of using others' money, and the income from loaning our money.

METHOD OF KEEPING AN INTEREST ACCOUNT

The value of interest accrued in our favor and owing to us at the time of opening the account, and the subsequent cost of using the money of others, are entered on the Dr. side of the Interest account. The value of interest accrued against us and owing by us at the time of opening the account, and the subsequent income from loaning our money, are entered on the Cr. side of this account. At the time of closing the account, if no interest has accrued which remains unpaid, the excess of the Cr. side will show a net gain; and the excess of the Dr. side will show a net loss. If any interest has accrued in our favor which has not been entered, it must be added to the Cr. side; and if any interest has accrued against us which has not been entered, it must be added to the Dr. side, before finding the excess of either side.

Discount. — A discount or abatement allowed by one party to another for the payment of a debt before it is due, is equivalent to payment for the use of the present worth of the debt. If the discount is allowed *by us*, the amount of the discount is entered on the Dr. side of Interest account; and if the discount is allowed *to us*, its amount is entered on the Cr. side of this account. Discounts calculated on debts due in the future are entered in opening or closing Interest account, on the same principle as that which governs the entries of accrued interest.

ILLUSTRATION OF KEEPING AN INTEREST ACCOUNT

1. Transactions. — Aug. 1. The interest accrued on my outstanding notes amounts this day to \$27.30. --- Aug. 1. The interest accrued on others' notes which I hold, amounts this day to \$49.60. --- Aug. 4. Paid for interest due on my note this day, \$7.25. --- Aug. 8. Received cash for interest due on D. L. Kiehle's note, \$17.42. --- Aug. 13. Paid cash for interest on my note, \$21.90. --- Aug. 15. Received cash from A. D. Brown, for interest now due on his note, \$35.90. --- Aug. 18. Received cash from O. V. Tousley, for interest on his note, \$35.47. --- Aug. 25. Received cash for interest due from C. B. Gilbert, \$14.75.

Aug. 31. I am owing interest on outstanding notes, \$82.79; interest accrued on others' notes which I hold, amounts to \$19.47.

Required, *the net gain or the net loss in interest for the month of August.*

EXAMPLES FOR PRACTICE IN KEEPING AN INTEREST ACCOUNT

1. Transactions.— Oct. 1, 19—. The interest accrued on my outstanding written obligations amounts to \$21.45, and the interest accrued on notes which I hold amounts to \$36.95.----Oct. 2. Paid S. S. Russell for interest on my note now due, \$12.47.----Oct. 4. Received from I. C. Jones for interest on his note due to-day, \$15.61.----Oct. 6. The Homeville Bank has discounted my note at 90 days, retaining \$12.75 for interest.----Oct. 8. Thomas L. Bell has prepaid his note, my favor, and I have allowed him the interest, \$24.75.----Oct. 10. Paid my note of \$300, with interest at 6% for 6 months and 3 days, \$?.----Oct. 12. Prepaid my note, favor of Otto Miller, and was allowed the discount, \$18.50.----Oct. 14. Received of C. L. Gilbert cash in full of his note and interest; interest, \$15.60.----Oct. 15. Henry Hahn has prepaid his note, my favor, and I have allowed him the regular discount, \$9.78.

Oct. 15. I am owing accrued interest on my outstanding notes, \$11.50, and there is owing me \$7.60 on interest-bearing notes which I hold.

Required, the cost of interest, the proceeds of interest, and the net gain or the net loss.

2. Transactions.— Oct. 15, 19—. The discount on my outstanding notes to maturity is \$33.85; the discount on notes in my favor to maturity is \$24.25; the interest accrued on my outstanding notes is \$27.15; and the interest accrued on others' notes which I hold is \$37.48.----Oct. 16. Received from M. H. Hurd \$9.74, in payment of interest on his note.----Oct. 18. Paid C. H. Spencer \$13.50, for interest on my note, his favor.----Oct. 19. C. H. Chute has prepaid his note, my favor, and I have allowed him the discount, \$13.40.----Oct. 20. Prepaid my note, favor of W. B. Hixon, at a discount of \$17.96.----Oct. 22. Collected \$19.76 of Newton Rowe for interest on his note, my favor.----Oct. 25. Prepaid my note, favor of Henry Dole, at a discount of \$4.27.

Oct. 31. Discount on my outstanding notes to maturity is \$10.50; discount on others' notes, my favor, to maturity is \$9.75; interest accrued on my outstanding notes is \$16.25; interest accrued on others' notes, my favor, is \$22.72.

Required, the cost of interest, the proceeds, and the net gain or the net loss.

3. Transactions.— Nov. 1, 19—. The interest accrued on my outstanding written obligations amounts to \$86.40; and the interest accrued on others' notes, which I hold, amounts to \$107.60; the discount to maturity on my outstanding written obligations not bearing interest is \$49.60; and the discount to maturity on others' notes, my favor, not bearing interest is \$39.65.----Nov. 10. Paid J. H. Dunn cash for interest due on my note, his favor, \$37.95.----Nov. 12. Received from George Burrill \$47.90 for interest on his note, my favor.----Nov. 15. C. H. Chute has prepaid his note, my favor, and I have allowed the legal discount, \$7.29.----Nov. 20. Prepaid my note, favor of A. Anderson, and he has allowed the legal discount, \$37.40.----Nov. 22. Paid R. D. Russell in full of my note and interest; face of note, \$200; interest, \$14.----Nov. 27. Robert Jamison has prepaid his note, my favor, and I have allowed the discount, \$16.40.

Nov. 30. Interest accrued to date on others' notes which I hold, \$65.25; interest accrued on my outstanding notes, \$44.85; discount at legal rate on notes, in my favor, not bearing interest, \$14.65; discount on my outstanding written obligations not bearing interest, \$10.80.

Required, the cost, the proceeds, and the net gain or the net loss on interest.

EXPENSE ACCOUNT

In the prosecution of any kind of business there are outlays or expenses incident thereto, such as rent, hired labor, fuel, office expenses, etc., which usually it is most convenient to enter under a general title.

If it is desired, however, to show the outlay in any particular direction, such as rent, insurance, advertising, stationery, storage, drayage, freight, office furniture, or the like, separate records must be kept under special titles chosen to represent such expenditures. All of these special expense accounts are kept in the same manner as the general expense account.

PURPOSE OF KEEPING AN EXPENSE ACCOUNT

An **Expense Account** is kept for the purpose of showing the cost of expenses incurred in conducting a business, and usually includes such items of expenditure as clerk hire, fuel, lights, stationery for use of business, rent of building, etc.

METHOD OF KEEPING AN EXPENSE ACCOUNT

When an expense is incurred, the cost thereof is entered on the Dr. side of the Expense account. Ordinarily there will be no entry on the Cr. side. If, however, there are any returns, they should be entered on the Cr. side. The excess of the Dr. side will show the cost of conducting the business.

At the time of closing the account, if any expense has been incurred which has not been entered, it must be added to the Dr. side, and if any expense has been entered which has not been used, it must be added to the Cr. side, before finding the excess.

ILLUSTRATION OF KEEPING AN EXPENSE ACCOUNT

1. Transactions.—Feb. 2, 19—. Paid John Thompson for rent of rooms for the month, \$8, and \$7.50 for 1 ton of coal; total, \$15.50.----Feb. 3. Paid cash for stationery for general use, \$1.25.----Feb. 5. Paid cash for cleaning rooms, \$1.75.----Feb. 6. Paid Thomas Davidson for repairing clothes, \$3.50.----Feb. 10. Paid cash for laundry, to date, \$1.40.----Feb. 12. Paid Mrs. Charles Dolliver cash for 2 weeks' table board, at \$4, \$8, and for laundry, \$1.18; total, \$9.18.----Feb. 20. Paid cash for 2 theater tickets, \$1.50.----Feb. 28. Paid Mrs. Charles Dolliver cash for table board to date, 2 weeks at \$4, \$8; and gas bill for the month, \$1.65; total, \$9.05.----Feb. 28. Charles N. Crandle paid me \$7 for use of my rooms for the month.

Feb. 28. I have used about $\frac{1}{4}$ of the coal bought Feb. 1, leaving \$5.63 worth of coal on hand.

Required, *the net cost of expenses for the month.*

Form of Ledger Record

Total cost, \$622.50; total returns, \$376.25; net cost, \$246.25.

EXAMPLES FOR PRACTICE IN KEEPING AN EXPENSE ACCOUNT

1. Transactions.—Jan. 1, 19— Bought of S. C. Gale, on credit, 4 tons of coal, at \$8, \$? .----Jan. 2. Paid W. H. Lyon cash for rent of store for 3 months, at \$125, \$? .----Jan. 3. Bought of Western Fuel Company, on credit, 2 cords of maple wood, at \$6, \$? .----Jan. 4. Paid cash for postage stamps, \$3.60.----Jan. 5. Paid Brown, Treacy & Co.'s bill for stationery for office use, \$14.75.----Jan. 16. Paid cash for clerk hire to date, \$35.----Jan. 20. Received from S. A. Reed \$9.50 cash for desk room in office for the month of January.

Jan. 31. I am owing Henry C. Butler for services as bookkeeper for the month, \$75; due Frederick H. Curtiss for services as clerk, \$35.----The estimated value of coal unused is \$16; the estimated value of wood unused is \$6; unexpired rent for 2 months at \$125 is \$? .

Required, *the net cost of expenses for the month.*

2. Transactions.—Apr. 1, 19— Paid John Thompson \$150, cash, for rent of office for 3 months.----Apr. 3. Paid cash for cleaning, \$1.50.----Apr. 5. Received cash from George Daggett for use of office 3 months from Apr. 1, \$100.----Apr. 7. Paid \$3.20 for postage stamps for office use.----Apr. 15. Paid Jesse Curtiss for service as clerk to date, \$20.----Apr. 18. Bought for office use stationery, \$12.30, paying cash.----Apr. 20. Paid janitor's wages to date from Apr. 1, \$20.----Apr. 30. Paid gas bill for the month, \$7.10.

Apr. 30. The unexpired rent for 2 months is valued at \$100, and the unexpired rent for use of office is worth \$66.67.----Apr. 30. I am owing Jesse Curtiss for services as clerk to date, \$20.----Apr. 30. I am owing janitor for services rendered from April 20 to date, \$10.

Required, *the net cost of expenses for the month.*

3. Transactions (Expense and Furniture and Fixtures).—May 1. Paid James Barnes cash for putting in counters and shelving, \$630.----May 1. Paid Edward Forster cash for three months' rent in advance, \$450.----May 3. Bought of Boutelle Brothers, on credit, office desk and chair, \$175.----May 4. Paid cash for postage, \$7.50.----May 5. Paid the Times Publishing Co. cash for advertising, \$62.50.----May 6. Paid Keyser & Co. cash for papering office, \$37.50.----May 8. Bought of M. D. Rowley, on my note at 90 days, a burglar-proof safe, \$175.----May 9. Paid George Sherer cash for painting counters and shelving, \$20.----May 10. Paid for clerk hire in cash, \$50.----May 11. Received cash for rent of one half of store for 3 months from May 1, in advance, from J. L. Dobbin, \$300.----May 12. Paid Phenix Insurance Co. cash for insurance on stock of goods, furniture, and fixtures, for 1 year, at 2% on face of policy of \$15,000, policy dated May 1, \$? .----May 13. Paid James Barnes cash for plate glass put in place of broken one, \$87.50.----May 15. Allowed John A. Schlener & Co.'s bill for blank books and stationery amounting to \$54.70, on account.----May 20. Paid cash for clerk hire, \$50.----May 30. Paid gas bill for the month, \$18.75.

May 31. There is due for services rendered by clerks and not paid, \$150; $1\frac{1}{2}$ tons of coal have been used during the month, at \$8 per ton, \$? ; the furniture and fixtures are worth 90% of the cost, \$? ; the insurance is valued at $\frac{1}{12}$ of its cost, \$? ; the value of the unexpired rent of store is $\frac{2}{3}$ of the cost, \$? ; and the unexpired rent of the half store relet is worth $\frac{2}{3}$ of the amount received, \$? .

Required, *the net cost of expenses, and the loss on furniture and fixtures.*

PROPRIETARY ACCOUNTS

Proprietary Accounts are those which are kept for the purpose of ascertaining the relation which the owner, or owners, of a business sustain to it, by exhibiting investments and withdrawals.

SOLE PROPRIETOR ACCOUNT

A **Sole Proprietor** of a business is one who is an exclusive or sole owner.

PURPOSE OF KEEPING A SOLE PROPRIETOR ACCOUNT

An account is kept with a sole proprietor, under his own name, or under the title Stock, for the purpose of showing the relation which he sustains to the business; that is, what the business owes him or what he owes the business.

METHOD OF KEEPING A SOLE PROPRIETOR ACCOUNT

The value of the property invested in the business by the proprietor at its commencement, as well as all subsequent investments, is entered on the Cr. side of his account. The debts of the proprietor assumed by the business at its commencement, and all sums withdrawn at any time, are entered on the Dr. side of his account. At regular times the net gain of the business is entered on the Cr. side of his account, or the net loss is entered on the Dr. side. The excess of the Cr. footings will, at such regular times, show the net capital of the business, that is, the proprietor's net investment; the excess of the Dr. footings, at such regular times, will show the net insolvency of the business.

It is not unusual for a proprietor to have two accounts, one of which, as above, will show his investment, and the other his temporary dealings with the business. The latter account is known as his personal or private account.

ILLUSTRATION OF KEEPING A SOLE PROPRIETOR ACCOUNT

1. Transactions.—Jan. 2, 19—. I invested in my business \$5000 in cash.----Jan. 2. I am owing Frank Forbes \$250, and Charles Kent \$75, and these debts are assumed by the business.----Mar. 1. Made an additional cash investment of \$2500.----Apr. 16. Withdrew for personal, temporary use, cash, \$150.----May 1. Made an additional cash investment of \$3000.----June 1. Returned the amount withdrawn Apr. 16, \$150.----June 14. Withdrew for personal use, Mdse., \$75.80.----July 2. Returned in cash the amount withdrawn June 14.----July 2. The net gain in the business for the past six months is \$917.80.

Required, *my present relation to the business as proprietor.*

Aug.	1	Balancee	219	25			

Investments, \$ 2750; withdrawals and losses, \$ 2969.25; insolvency, \$ 219.25.

PARTNERSHIP ACCOUNTS

A **Partnership** is an association of two or more persons who join together their money, goods, labor, and skill, or any of them, in a business, with an understanding that there shall be a sharing of profit between them.

A **Partner** is one who shares, as a member of a partnership, in the management, or in the gains or losses of a business.

PURPOSE OF KEEPING PARTNERS' ACCOUNTS

When two or more persons are united in the ownership of the same business as a firm or partnership, their respective interests are recorded under their own individual names. These accounts with the individual partners are kept for the purpose of showing the individual relation of each partner to the business.

METHOD OF KEEPING PARTNERS' ACCOUNTS

The value of the property invested by each partner is entered on the Cr. side of his account. The individual debts of each partner which are assumed by the business, and all sums withdrawn by each, are entered on the Dr. side of his account. Each partner's share of the net gain is entered on the Cr. side of his account, or his share of the net loss is entered on the Dr. side of his account. After the net gains have been credited or the net losses debited, the excess of the Cr. footings of each partner's account will show his net interest in the business, or the excess of the Dr. footings will show his share of the firm's insolvency.

Each partner may have two accounts—one, an investment or permanent account, and the other a temporary or personal account.

In the absence of any contract to the contrary, the net loss or the net gain is divided equally between the partners.

ILLUSTRATION OF KEEPING PARTNERS' ACCOUNTS

Transactions.—Apr. 2. W. W. Folwell and D. L. Kiehle are partners. Folwell invests cash, \$4500; Kiehle invests Mdse., \$4000. The firm assumes an account against Folwell, in favor of E. A. Sheldon, for \$250; and a note signed by Kiehle, in favor of C. C. Curtiss, for \$300.----Apr. 20. Paid a claim against Folwell for \$250, not assumed Apr. 2.----Apr. 25. Paid a claim against Kiehle for \$200, not assumed Apr. 2.----May 1. Folwell draws out for personal use, cash, \$100.----May 10. Kiehle withdraws for personal use, \$75, cash.----May 15. Folwell invests \$1500, cash.----May 21. Kiehle invests store and fixtures, valued at \$5000.----June 11. Folwell draws out cash for personal use, \$125.----June 15. Kiehle draws out for personal use, Mdse., \$150.----June 30. The firm owes Folwell 3 months' salary, at \$200, and Kiehle 3 months' salary, at \$200.----July 2. The net gain of the business amounts to \$1250. Folwell's share is $\frac{2}{3}$, and Kiehle's share is $\frac{1}{3}$, according to contract.

Required, *the relation of each partner to the business.*

EXAMPLES FOR PRACTICE IN KEEPING SOLE PROPRIETOR ACCOUNT

1. Transactions.—Aug. 1. The resources of my business are: cash on hand, \$3975.50; notes on hand, \$1795.75; Mdse. on hand, per inventory, \$7960; store and fixtures, valued at \$6500; amounts due me on personal accounts, \$2750.30. The liabilities of the business are: amounts due others on personal accounts, \$1890.50; notes and acceptances outstanding, \$1375.---- Dec. 31. I have withdrawn for personal use since Aug. 1, \$1475; goods from store for family use, \$560.75.----Dec. 31. The net loss of the business from Aug. 1 to date has been \$496.50.

Required, my present relation to the business.

2. Transactions.—Jan. 2. The resources of my business are: cash on hand, \$175.50; funds on deposit in bank, \$3796.45; negotiable paper on hand, \$2750; Mdse. on hand, as per inventory, \$12,465.75; amount due me on personal accounts, \$1937.50. The liabilities of my business are: amounts due others on personal accounts, \$675; notes and acceptances outstanding, \$3750.---- Mar. 1. Added \$12,500 cash to my investment.----Apr. 4. Drew out cash for personal use, \$276.40.----May 1. Added to my investment, negotiable paper, \$1500.----June 30. Drew out cash for personal use, \$115.----June 30. The net gain for the past six months amounts to \$1795.60.

Required, my present investment.

EXAMPLES FOR PRACTICE IN KEEPING PARTNERS' ACCOUNTS

1. Transactions.—C. C. Curtiss and J. L. Hodgmore are partners. Apr. 2. Curtiss invests cash, \$10,000; Mdse., valued at \$15,000. Hodgmore invests cash, \$8000; store and fixtures, valued at \$9000. Curtiss owes H. G. Hicks, on account, \$3000, which debt the firm assumes. Hodgmore owes D. C. Bell, on note at 90 days, \$500, which the firm assumes.----July 2. Curtiss makes an additional investment of personal accounts, aggregating \$2500.----Oct. 1. Hodgmore adds to his investment, in promissory notes due him, \$1800.----Dec. 1. The firm pays S. C. Gale's draft on Curtiss for \$575, not assumed Apr. 2.----Jan. 2. The firm pays a note signed by Hodgmore, favor W. G. Smith, for \$250, which was not assumed Apr. 2.----Jan. 2. The gains to date have been \$5750.

Required, the relation of each of the partners to the business.

2. Transactions.—May 1, 19—. W. C. Smith and A. B. Todd have entered into copartnership. Smith contributes cash, \$7425.83; store and fixtures, \$12,500; personal accounts due him, \$6528.87; bills receivable due him, \$3427.96. Todd contributes personal accounts due him, \$5427.47; Mdse. as per inventory, \$15,728.75; written promises due him, \$748.25. Smith's liabilities assumed by the firm are: amounts due others on personal accounts, \$1400; on notes, \$249.78. Todd's liabilities assumed by the firm are: amounts due others on personal accounts, \$1500; on notes, \$2575.----July 17. Paid John I. Gordon's sight draft on A. B. Todd favor of Charles J. Barnes for \$120, debt not assumed May 1.---- Aug. 15. Paid Hiram H. Gail's draft, drawn payable on demand, for \$95, on A. B. Todd in favor of W. C. Smith, debt not assumed May 1.---- Sep. 15. Collected A. B. Todd's personal claim of \$215 against Charles E. Cady, which sum A. B. Todd allows to remain in the firm as an additional investment.---- Dec. 31. The firm has paid cash for personal accounts against Smith which were not assumed, \$722.90.----Dec. 31, 19—. The net gain to date amounts to \$9476.50.

Required, the net interest of each partner.

COMPLETE BUSINESS RECORD

In the preceding illustrations each account has been considered separately, and without reference to the relation which it sustains to other accounts, the purpose being to teach the individual characteristics and use of the separate accounts presented.

In the transactions given for illustrations, only one element of a transaction has been considered. We now come to the consideration of the two elements which are found in every business transaction; viz. the debit element and the credit element.

A complete record of any business transaction must show both of the elements named, and will require entries in two or more accounts.

COMPLETE BUSINESS RECORD ILLUSTRATED

1. *One Debit Entry and One Credit Entry*

1. **Transaction.** — Jan. 2, 19—. Bought of Edward Forster, on credit, Mdse. amounting to \$275.25.

DR.		<i>Merchandise</i>						CR.	
19— Jan.	2	<i>Edward Forster</i>	275	25					

DR.		<i>Edward Forster</i>						CR.	
				19— Jan.	2	<i>Mdse.</i>	275	25	

A complete record of this transaction requires an entry on the Dr. side of Mdse. account, to show the cost of the Mdse. purchased, and also an entry on the Cr. side of Edward Forster's account, to show the amount which is due him.

In this record there are two facts recorded, requiring one Dr. entry and one Cr. entry; and there are two accounts involved in the complete record.

2. **Transaction.** — Feb. 1, 19—. Sold A. Sherman, on credit, Mdse. amounting to \$987.50.

DR.		<i>Merchandise</i>						CR.	
				19— Feb.	1	<i>A. Sherman</i>	987	50	

DR.

A. Sherman

CR.

19— Feb.	1 Mdse.	987 50						
-------------	---------	--------	--	--	--	--	--	--

A complete record of this transaction, which involves two accounts, requires an entry on the Cr. side of Mdse. account to show the proceeds from the sale of Mdse., and also requires an entry on the Dr. side of A. Sherman's account to show his indebtedness.

2. Two Debit Entries and One Credit Entry

3. Transaction. — Mar. 1, 19—. Sold Charles Hale Mdse. amounting to \$4276.50, and received cash, \$2276.50, in part payment, and his note at 90 days for the balance.

DR.

Cash

CR.

19— Mar.	1 Mdse.	2276 50						
-------------	---------	---------	--	--	--	--	--	--

DR.

Bills Receivable

CR.

19— Mar.	1 Mdse.	2000 00						
-------------	---------	---------	--	--	--	--	--	--

DR.

Merchandise

CR.

				19— Mar.	1 Sundries	4276 50		
--	--	--	--	-------------	------------	---------	--	--

A complete record of this transaction, which involves three accounts, requires an entry on the Dr. side of Cash account, to show the receipt of cash, \$2276.50; an entry on the Dr. side of Bills Receivable account, to show the note received, \$2000; and an entry on the Cr. side of Mdse. account, to show the proceeds from the sale. It will be seen that the sum of the Dr. items equals the Cr. item.

3. One Debit Entry and Two Credit Entries

4. Transaction. — Apr. 2, 19—. Bought of James Dunn, Mdse., \$7460.50; gave in part payment cash, \$3500, and my note at 3 months for the balance, \$3960.50.

DR. *Merchandise* CR.

19— Apr.	2	Sundries	7460	50					
-------------	---	----------	------	----	--	--	--	--	--

DR. *Cash* CR.

					19— Apr.	2	Mdse.	3500	00
--	--	--	--	--	-------------	---	-------	------	----

DR. *Bills Payable* CR.

					19— Apr.	2	Mdse.	3960	50
--	--	--	--	--	-------------	---	-------	------	----

A complete record of this transaction, which involves three accounts, requires an entry on the Dr. side of Mdse. account, to show the cost of the Mdse. purchased, \$7460.50; an entry on the Cr. side of the Cash account, \$3500, to show the payment of cash; and an entry on the Cr. side of Bills Payable account, to show the issue of our note, \$3960.50. It will be seen that the sum of the Cr. items equals the debit item.

4. *Two Debit Entries and Two Credit Entries*

5. **Transaction.**— May 1, 19—. Bought of William Windom, dry goods, \$1750.25; groceries, \$2300.50; gave in payment my draft on John Rowe for \$2000, and my note at 30 days for the balance, \$2050.75.

DR. *Dry Goods* CR.

19— May	1	Sundries	1750	25					
------------	---	----------	------	----	--	--	--	--	--

DR. *Groceries* CR.

19— May	1	Sundries	2300	50					
------------	---	----------	------	----	--	--	--	--	--

DR. *John Rowe* CR.

					19— May	1	Sundries	2000	00
--	--	--	--	--	------------	---	----------	------	----

DR.		<i>Bills Payable</i>				CR.	
				19— May 1	Sundries	2050	75

A complete record of this transaction, which involves four accounts, requires an entry on the Dr. side of Dry Goods account, to show the cost of dry goods, \$1750.25; an entry on the Dr. side of Groceries account, to show the cost of groceries, \$2300.50; an entry on the Cr. side of John Rowe's account for the amount of my draft on him, \$2000; and an entry on the Cr. side of Bills Payable account, to show the issue of my note for the balance, \$2050.75. It will be seen that the sum of the Dr. items is equal to the sum of the Cr. items.

5. Several Debit Entries and Several Credit Entries

6. Transaction.—June 1, 19—. Sold O. M. Metcalf, store and fixtures, for \$8500; Mdse., per inventory, \$7750; good will, \$2500; received in payment, cash, \$9500; note, his favor, made by Thomas Cochran, dated May 1, 19—, at 60 days, for \$6000, with interest at 6%; and his note at 90 days for the balance, \$3220. Interest accrued to date on Thomas Cochran's note, \$30.

DR.		<i>Cash</i>				CR.	
19— June	1	Sundries	9500	00			

DR.		<i>Bills Receivable</i>				CR.	
19— June	1	Sundries	9220	00			

DR.		<i>Interest</i>				CR.	
19— June	1	Sundries	30	00			

DR.		<i>Store and Fixtures</i>				CR.	
				19— June 1	Sundries	8500	00

DR.				<i>Merchandise</i>				CR.					
					19— <i>June</i>	1	<i>Sundries</i>					7750	00

DR.				<i>Good Will</i>				CR.					
					19— <i>June</i>	1	<i>Sundries</i>					2500	00

A complete record of this transaction, which involves six accounts, requires an entry on the Dr. side of cash account, to show the amount of money received, \$9500; an entry on the Dr. side of Bills Receivable account, to show the amount of notes received, \$9220; an entry on the Dr. side of Interest account, to show the amount accrued, \$30; an entry on the Cr. side of Store and Fixtures account, to show the proceeds of sale, \$8500; an entry on the Cr. side of Mdse. account, to show the proceeds from the sale of Mdse., \$7750; and an entry on the Cr. side of Good Will account, to show the proceeds of the sale of the business, \$2500. It will be seen that the sum of all the Dr. items equals the sum of all the Cr. items.

PRINCIPLES OF DOUBLE-ENTRY BOOKKEEPING

The foregoing illustrations elucidate the following principles of accounting:

First

The complete record of any business transaction requires the consideration of all its relations to different accounts.

Second

The record of a business transaction will not be complete unless one account is debited and one account credited, or two or more accounts are debited and one account credited, or one account is debited and two or more accounts credited, or two or more accounts are debited and two or more accounts credited.

Third

The sum of all the Dr. entries of each transaction must equal the sum of all the Cr. entries.

Fourth

The sum of all the Dr. entries of all the transactions recorded must equal the sum of all the Cr. entries of all the transactions.

In Short

There must always be an equality of debits and credits.

JOURNALIZING

Journalizing is the mental process of analyzing business transactions and determining the debits and credits thereof.

The transactions for the following illustration are taken from Ex. 1, page 12.

BOOKS OF RECORD USED IN BUSINESS

The books in which the records of a business are kept depend largely upon the nature and extent of the business which they represent. They are usually classified as Principal Books and Auxiliary Books.

Principal Books are the day book, the ledger, and those books from which the entries are transferred or posted to the ledger.

Auxiliary Books are those which are used as aids to the principal books.

Books of Original Entry are those in which transactions are first recorded. There should never be any erasures in them.

PRINCIPAL BOOKS

The Ledger, or Book of Accounts, is the book in which all the debits and all the credits of all the various transactions of a business are classified under proper titles or headings in order to show special and general results of business.

The process of transferring the debits and credits from the journal and from other books kept in journal form, to their proper places in the ledger, is called *Posting*.

The Day Book is a book of original entry, in which the transactions of a business are recorded in narrative form in the order and at the time of their occurrence. It is sometimes called the *Blotter*. Formerly all the transactions of a business were first entered in this book, but for some years past, especially in the more extensive businesses, the transactions are instead classified and entered in other books specially arranged for the purpose, such as the sales book, cash book, invoice book, and others.

The simple form of the day book contains appropriate spaces and columns for recording the date of the transaction, the transaction itself, and the amount involved in the transaction.

Great care should be taken to make the statements entered in this book clear, concise, and yet so complete that there can be no doubt concerning the facts of the transactions recorded.

The pupil, in writing the day-book exercises, should be careful to preserve the wording and the arrangement of the entries. The horizontal ruling which separates the transactions may be deferred until a page is written.

The Journal is the book in which the debits and credits of business transactions are classified preparatory to transferring to the ledger.

The journal may be used as a separate book, coming between the day book and the ledger, but it is more generally used in combination with the day book as a book of original entry. When so used it is called the **Journal-Daybook**.

AUXILIARY BOOKS

The Purchase Book is the book in which are recorded the *purchases* of merchandise. It may be so kept as to combine all the features of the day book, journal, and purchase book, so far as the purchases are involved. When so used it is called the Purchase Journal, or Invoice Journal, and is a principal book.

Instead of copying invoices, they may be arranged and pasted in a Scrap Invoice Book, and the total amount of each invoice may be extended into a column prepared for the purpose in the margin.

The Sales Book is the book in which are recorded the *sales* of merchandise. It may be so kept as to combine all the features of the day book, journal, and sales book, so far as the sales are concerned, and when so used it is called the Sales Journal and is a principal book.

Separate sales books for city and out-of-town customers are kept in many business houses.

The Cash Book is the book in which a special record is kept of the receipts and disbursements of money. It may be so arranged and kept as to combine all the features of the day book, journal, and cash book, so far as cash items are involved, and when so kept it is called the Cash Journal and is a principal book.

All receipts of money are entered on the Dr. side of the cash book. The date of receiving the money, the account for which the money is received, and the amount received should be clearly stated. All payments of money are entered on the Cr. side of the cash book. The date of paying the money, the account for which the money is paid, and the amount paid should be distinctly recorded.

The Receipt Book is a book of printed blank receipts, which are filled and signed when money is received, and then delivered to the person paying the money. It is made with one or more receipts on a page, perforated so that they may be readily detached, and with a margin, or stub, upon which to make a memorandum of the transaction. This memorandum should be made before the receipt is detached and delivered.

The Check Book is a book of printed blank checks, which are filled by the drawer of the check when he wishes to pay a creditor or to draw money from the bank for his own use. It is made with one or more checks on a page, usually perforated so that they may be easily detached. The inner margin, or stub, is arranged for recording the date, the payee, the number of the check, and the amount for which it is drawn.

An account with the bank is usually kept on the back of the stub, which is ruled for that purpose.

The Bank Pass Book is a book which is taken to the bank with the funds intended for deposit, and in which the teller of the bank makes a

record of each deposit when made. This record is the receipt for the deposit.

The book is left with the bank, usually at the end of the month, to be written up and balanced, after which it is returned to the depositor, together with the checks which the bank has paid and canceled. These returned checks serve as receipts from the persons to whom they were issued.

The Note Book is a book of printed blank notes, which are filled in and signed by the maker. The book is made with one or more notes on a page, which is usually perforated so that the notes may be readily detached. The margin, or stub, is arranged for recording the date of issue, time to run, the name of the payee, the principal, and the place where payable.

The record of the issue of the note should always be made on the margin before the note is detached and delivered to the payee.

The Draft Book is a book of printed blank drafts, which are filled in and signed by the drawer. The book is made with one or more drafts on a page, which is usually perforated for detaching. The margin, or stub, is arranged for a record of the date of drawing, the time to run, the name of the payee, the name of the drawee, and the amount.

The record of the drawing of a draft should be made on the margin, or stub, before detaching and delivering.

The Bill Book is the book in which a special record is made of the issuing and the redeeming of our *written promises* and the receipt and the disposition of others' written promises.

The simple form of the bill book contains appropriate columns and spaces for recording the date, time to run, maturity, and principal of each negotiable paper issued and received, together with the names of the parties thereto, and the final disposition thereof.

The Index Book is a book in which are arranged the names of the accounts in the ledger, in alphabetical order, to afford ready reference to any account desired. An account should be indexed as soon as the title is written in the ledger, and whenever any account is changed from one page to another. The index book is sometimes bound in the ledger, but where there are many accounts a separate book should be used.

The Trial Balance Book is a book in which the regular periodical trial balances are made and preserved for future reference.

The Order Book is used to record orders received by mail or taken direct from customers.

The Letter Book is a book in which all important outgoing correspondence is copied by the letter press.

The Stock Record Book is used to record the quantity of goods bought and sold, so as to show the quantity on hand.

SECTION TWO

USES OF THE DAY BOOK, JOURNAL, AND LEDGER, WITH SOME AUXILIARY BOOKS AND BUSINESS FORMS

APPLICATION OF PRINCIPLES

The preceding pages have been devoted to the consideration of the fundamental principles of accounting. The work in this section is for the purpose of illustrating and teaching the opening, conducting, and closing of "sets" of double-entry books, using the simple forms of the day book, journal, and ledger as principal books, and the cash book, receipt book, and check book as auxiliary books. It also teaches the making of business forms, such as bills of parcels (itemized bills, or invoices), receipts, checks, statements of finance and business.

The Memoranda of Transactions are to be used in the place of the transactions themselves, and are limited to those which will best serve the purposes intended. All the parties to the transactions are supposed to be residents of "Homeville," and the business is limited to that which may be transacted without correspondence.

Price Lists. — Six different price lists for buying and selling are given, so that members of a class may work independently while following the same general instructions.

Practice Ledger. — It is thought advisable to use the practice ledger as a preliminary exercise, for the first two sets, in order to get a general outline of the business to be recorded.

All Calculations and Extensions for the first two weeks have been made in full, so that a complete reference may be had to all the details of the various transactions.

Day Book and Journal. — It is best to gain first a thorough knowledge of the forms and uses of the day book and the journal, *as separate books*, before attempting to consider them in their combined form.

A Great Variety of transactions are here presented for practice in bookkeeping, yet no pretense is made of giving a complete exhibit of any kind of business. The purpose is to help the student to become an intelligent accountant rather than a mere routine clerk.

FIRST SET.—TH. E. STUDENT, SOLE PROPRIETOR

Characteristics.—Beginning with a cash capital; buying and selling flour, corn, beef, and pork, for cash and on credit; realizing a gain and closing with an increased capital.

Books Used.—Practice ledger (for preparatory work), day book, receipt book, cash book, journal, and ledger.

Business Forms Used.—Bills of parcels (itemized bills), receipts, inventories, business statements, financial statements, and balance sheets.

Student as Proprietor.—Each student may consider himself as the proprietor of the business represented in the memoranda of transactions, will use his own name as such, and keep the books.

Titles of Accounts.—For the convenience of the teacher and the student, and for the sake of economy in the use of the ledger space, the number of lines each account will require is given below. This allowance provides for all current entries, closing entries, and two additional lines for the separation of the accounts: Th. E. Student, 9; Aaron Austin, 10; Benjamin Butler, 10; Charles H. Curtiss, 6; Cash, 25; Expense, 10; David Dodge, 11; Flour, 22; Corn, 15; Mess Beef, 12; Edward Everett, 7; Prime Pork, 11; Frederic Ford, 7; Loss and Gain, 11; Balance, 12.

Place of Business.—The name of village or city and the state where the student resides may be substituted for "Homeville."

Price Lists.—Each student will substitute the prices given in the list assigned to him for the prices used in the text, and continue to use the same list throughout the sets.

Buying Price Lists

40	bus.	Corn	bus.	45
12 25	bbl.	Mess Beef	bbl.	13 65
13 50	"	Prime Pork	"	14 95

GENERAL DIRECTIONS FOR WORKING FIRST SET

First Working.—1. Make out all the bills of parcels required in the business to Jan. 15, according to forms given on pages 66 and 67.

2. Write all the receipts to be given and taken, the outgoing receipts in the receipt book, and the incoming ones on blank paper. See pages 68 and 69.

3. Fold and file the vouchers (bills and receipts) according to the directions of the teacher.

4. Analyze each transaction (decide upon the Dr. and the Cr.) in the order of occurrence to Jan. 15, using the practice ledger in which to enter the results obtained. The names of the accounts and the number of lines each will require are given on the preceding page. See page 64.

The entries in the practice ledger may be written with a pencil, which should be kept well sharpened so that letters and figures will be clear and distinct.

5. Take a trial balance of the practice ledger. See page 64.

6. Prepare an inventory of unsold property. See page 69.

7. Prepare the business statement. See page 65.

8. Prepare the financial statement. See page 65.

Second Working.—1. Record all the transactions of the first two weeks in the day book, observing carefully all instructions regarding the arrangement of the entries. The writing should be neat and legible, entirely free from unnecessary display, and the figures small, distinct, and in their proper places. See pages 70 and 71.

2. Rule the day book as shown on pages 70 and 71. (Red ink should be used for all rulings.)

3. Write the cash book for the first two weeks, and rule it as shown in the model on pages 78 and 79.

4. Journalize all transactions, checking the same in the day book as soon as each journal entry is made. See pages 72 and 73.

5. Rule the journal as shown in the model. See pages 72 and 73.

6. After your teacher has approved your journal, post each journal entry to the ledger as he shall direct (see pages 74 and 75), post-marking in the journal each entry as soon as it is posted.

7. Take a trial balance. If the trial balance shows that errors have been made, make a careful study of "How to find errors in posting," and "How to correct errors when found." See pages 80 and 81.

8. Close the ledger, after a careful study of "Closing the ledger, current form," as found on pages 81, 82, and 83.

MEMORANDA OF TRANSACTIONS

Homeville, Tuesday, Jan. 2, 19—. I (Th. E. Student) commenced business this day, with a cash capital of \$1500.

Directions for Day Book Record.—The first word of each day book entry should be written close to the marginal line at the left, and the first word or figure of each subsequent line should be indented one half inch.

In a day book the right-hand money column is called the amount column, and the one at its left is called the item column. When there is only one item, it is placed in the amount column. See pages 70 and 71.

Directions for Journal Entry.—An examination of this transaction shows that two accounts are affected, Cash account and the proprietor's account. Cash account is Dr. for \$1500, because cash is received into the business, and the proprietor's account is Cr., because the proprietor made the investment. See page 72.

In a journal, the left-hand money column is called the Dr. column, and the right-hand money column is called the Cr. column.

Jan. 2. Bought of Aaron Austin, on credit, 20 bbls. extra flour, at \$? .

Note.—In the day book, the price of each item bought or sold should be placed close to the left of the item column. See pages 70 and 71.

Note.—In this purchase, Flour account is Dr. for the cost of the flour, and Aaron Austin is Cr. for the same amount, because he does not at the time receive payment. See Journal, page 72.

Jan. 2. Sold Benjamin Butler, on credit, 6 bbls. extra flour, at \$? .

Note.—In this sale, Benjamin Butler is Dr., because he does not pay at this time, and Flour account is Cr. for the proceeds of the sale.

Jan. 3. Paid E. A. Taylor cash for 3 tons of coal, at \$6.50, \$19.50 (delivered Jan. 2).

Note.—Expense account is Dr. for the outlay, \$19.50, and Cash account is Cr. for the money paid, \$19.50.

Jan. 4. Bought of W. C. Smith. for cash, 500 bus. corn, at ? ¢ ; 30 bbls. superfine flour, at \$? ; total, \$? .

Note.—When there are two or more items in a purchase or sale, the cost of each is placed in the item column, and the total cost or proceeds is "extended" to the amount column. See page 70.

Note.—In this purchase, Corn account is Dr. for the cost of the corn ; Flour account is Dr. for the cost of the flour ; and Cash account is Cr. for the entire amount of money paid. See Journal, page 72.

Jan. 4. Sold S. B. Todd, for cash, 9 bbls. superfine flour, at \$? ; 75 bus. corn, at ? ¢ ; total, \$? .

Note.—In this sale, Cash account is Dr. for the total amount of cash received ; Flour account is Cr. for the proceeds of the flour sold ; and Corn account is Cr. for the proceeds of the corn sold. See Journal, page 72.

Jan. 5. Bought of Charles H. Curtiss, on credit, 25 bbls. superfine flour, at \$? ; 750 bus. corn, at ? ¢ ; total, \$? .

Jan. 5. Sold David Dodge, on credit, 7 bbls. superfine flour, at \$? ; 150 bus. corn, at ? ¢ ; total, \$? .

Jan. 6. Sold James Dunn, for cash, 8 bbls. extra flour, at \$? ; 300 bus. corn, at ? ¢ ; total, \$? .

Jan. 8. Paid Charles Carroll cash for rent of store for 3 months from Jan. 1, at \$20, \$? .

Jan. 8. Received \$20 cash of Benjamin Butler on account.

Jan. 9. Paid Aaron Austin \$50 cash, on account.

Jan. 10. Bought of Aaron Austin 30 bbls. Minnehaha flour, at \$? ; 900 bus. corn, at ? ¢ ; total, \$? ; gave him in payment, cash, \$ 200 ; balance, \$? , to remain on account.

Note. — In this purchase, Flour account is Dr. for the cost of the flour bought ; Corn account is Dr. for the cost of the corn bought ; Cash account is Cr. for the amount of cash paid ; and Aaron Austin is Cr. for the balance of the bill unpaid. See Journal, page 73.

Jan. 11. Sold Benjamin Butler 500 bus. corn, at ? ¢ ; 20 bbls. Minnehaha flour, at \$? ; total, \$? . Received cash, in part payment, \$ 175 ; balance, \$? , to remain on account.

Note. — In this sale, Cash account is Dr. for the cash received ; Benjamin Butler is Dr. for the amount of the bill unpaid ; Corn account is Cr. for the proceeds of the corn sold ; and Flour account is Cr. for the proceeds of the flour sold. See Journal, page 73.

Jan. 12. Bought of Aaron Austin 20 bbls. Minnehaha flour, at \$? ; gave in payment, cash, \$ 68.50 ; balance on account.

Jan. 13. Received \$ 56.50 cash of David Dodge, to apply on account.

Jan. 13. Sold David Dodge 750 bus. corn, at ? ¢ ; 25 bbls. Minnehaha flour, at \$? ; total, \$? . Received \$ 250 cash, in part payment ; balance on account, \$? .

Note. — The student should ascertain whether all vouchers, receipts, and bills of parcels are made out and filed, by comparing with the following statement.

Vouchers used from Jan. 2 to Jan. 13, inclusive.

Receipts

Incoming		Outgoing	
Jan. 3.	E. A. Taylor to Th. E. Student.	Jan. 8.	Th. E. Student to Benj. Butler.

Inventory of Unsold Property, Jan. 13, 19—. List 1

	6 bbls. Extra Flour,	@	\$5.25	31 50		
	39 " Super. "	@	5.50	214 50		
	5 " Minn. "	@	6.85	34 25	280 25	
	375 bus. Corn,	@	.40		150	
	2 $\frac{1}{2}$ tons Coal, unused,	@	6.50	16 25		
	2 $\frac{1}{2}$ mos. Rent, prepaid,	@	20.	50	66 25	

Note.— These articles are inventoried at cost. Each student will use his own price list in making his inventory.

Instruction.— After the student has prepared the business statement and the financial statement and properly filed them, he may proceed to the "second working," using the day book, journal, ledger, and cash book, as directed on page 61.

After writing the day book, compare the total footing with the footing of the trial balance as shown on page 63, and obtain the teacher's approval of your work.

If the cash book entries are correctly made, the balance on hand Jan. 13 will agree with the amount given in the following table.

Cash on Hand at the Close of Business, January 13, 19—

List 1	2	3	4	5	6
\$1514.90	\$1511.75	\$1508.60	\$1505.45	\$1502.30	\$1499.15

After journalizing, compare the footings of the journal with the footing of the day book, and show your journal to your teacher.

ERRORS AND HOW TO CORRECT THEM

HOW ERRORS MAY ARISE IN POSTING

Unless great care is exercised in posting, some of the following errors may be committed: Posting an item to the wrong account; posting an item to the wrong side of an account; transposing the figures of an item; posting the wrong amount to an account; posting an item a second time from failure to postmark as soon as posted; writing figures in the wrong column,—dollars in the column for cents, or cents in the column for dollars; omitting an item in posting; etc.

HOW TO FIND ERRORS MADE IN POSTING

When the sum of the debits does not equal the sum of the credits, an error exists which must be found and corrected. The only sure way of finding errors is to make a systematic examination of every entry.

The equality of the footings of the two sides of the trial balance is *not a positive proof* of the accuracy of business records, but only a test of the correctness of the posting. Many errors may exist when the two sides of the trial balance are in equilibrium. Amounts may be posted to the right side, but to the wrong account; a Dr. entry and a Cr. entry of equal amounts may be omitted, or a transaction may be “dropped” altogether; a transaction may be posted twice, etc. If, however, the trial balance is not in equilibrium, there is an error which must be found and corrected.

1. Examine the pencil footings in the ledger and ascertain whether they have been correctly transferred to the trial balance.

2. Go carefully over the additions in the ledger, adding in the opposite direction from the original addition.

3. Examine each entry in the journal to see that it is properly posted to the ledger and postmarked, checking (✓) each entry found to be correctly posted.

4. Go carefully over the additions in the journal.

5. Ascertain the amount of the error, and then see if there is an item of equal amount which has not been posted.

6. See if there is an item in the journal or ledger equal to one half the amount of the error, and see whether it has been posted to the wrong side of the account.

7. See if the amount of the error is exactly divisible by 9, for if two adjacent figures have been transposed the difference between digits thus transposed will be equal to the quotient obtained by dividing the difference of the amounts by 9. For instance, if 92 be written 29 the error will be 63, the difference between 92 and 29; 63 divided by 9 is 7, and the difference between the digits 9 and 2 is 7.

HOW TO CORRECT ERRORS WHEN FOUND

When an error is found in the day book, or in any other book of *original entry*, write neatly across the entry the word *Void*, and write a new entry which shall be a correct statement of the transaction and also an explanation of the erroneous entry.

Make no erasures in a book of original entry.

Errors found in the journal should generally be corrected in the same manner as errors found in the day book.

An error in the ledger should be corrected as follows: When an entry has been posted to the wrong account, rule a horizontal *red line* through the center of the erroneous figures, and post the entry to its proper place.

When an item has been duplicated, rule out the incorrect one.

When a wrong amount has been posted, rule out the error and place the correct amount above the error.

CLOSING THE LEDGER

PURPOSE OF CLOSING THE LEDGER

The Purpose of Closing an Account is to determine its net result. The net result shown by a financial account is a resource or a liability. The net result shown by a business account is a loss or a gain. The net result shown by a proprietary account is the net investment in the business or the net deficiency.

The Purpose of Closing Financial Accounts is to determine the financial standing of the business; in other words, what the business is worth.

The Purpose of Closing Business Accounts is to determine the current condition of the business; in other words, to ascertain the prosperity or the adversity of the business.

The Purpose of Closing Proprietary Accounts is to determine the relation of the owner or the owners to the business.

The net result obtained in closing financial accounts, combined with the inventories, must be the same as the net result obtained in closing proprietary accounts, both exhibiting the net worth or the net insolvency of the business.

PROCESS OF CLOSING THE LEDGER, CURRENT FORM

1. **Take the Trial Balance.** — The ledger is said to be in balance when the sum of all the Dr. items is equal to the sum of all the Cr. items.

To ascertain whether the ledger is in balance, it is customary, and always proper, to prepare a statement called a Trial Balance.

A Trial Balance is a list of the open accounts of the ledger with all

the Dr. footings or Dr. balances in one column, and all the Cr. footings or Cr. balances in another column.

The footings of the two columns of the trial balance must be equal before commencing to close the ledger.

2. **Prepare the Inventory.** — Not all the resources and liabilities of a business are recorded in the financial accounts. Many, such as merchandise, real estate, interest, etc., are entered in business accounts, but are all the time changing in amount or value. It is necessary, therefore, before closing the ledger, to ascertain the exact value of all property entered in business accounts, and also to ascertain whether there are any resources or liabilities which have not been entered on the ledger. This operation is called "taking stock," or "making an inventory."

3. **Close Financial Accounts.** — To close a financial account when the footings of the two sides are equal, rule a *single red line* underneath the items across the money columns on the same level; write the footings on the faint line below, and then rule a *double red line* underneath, extending across all the columns except the wide explanation column.

When the footings of the two sides are unequal, enter upon the smaller side, in *red ink*, the difference between the footings, together with the date of closing, the word *Balance*, and the page to which the balance will be transferred.

Rule as before, a *single red line* underneath the items, and a *double red line* underneath the written, equal footings.

Bring the balance forward, in *black ink*, to the opposite side of the same account, underneath the double red line, and thus restore the equilibrium of the debits and credits in the ledger.

When there is but one item on either side of the account, and these two items are equal, the single red line and footings are omitted, and the double red line is drawn just under the items.

When there are more items on one side of the account than on the other, a *diagonal red line* may be drawn across the explanation column. See pages 84 and 85.

4. **Open a Loss and Gain Account** into which all losses and gains shown in the business accounts may be transferred.

5. **Close Business Accounts.** — To close a business account when there is no inventory belonging to it, enter upon the smaller side, in *red ink*, the difference between the footings, and in *black ink* transfer this difference to the opposite side of the Loss and Gain account.

Rule according to the foregoing directions.

In case of an inventory showing a *resource*, credit the account, in *red ink*, with the amount of the resource *before* closing the account into Loss and Gain. Rule as before, and bring the resource forward to the Dr. side of the same account, underneath the double ruling.

In case of an inventory showing a *liability*, debit the account, in *red ink*, with the amount of the liability *before* closing the account into Loss and Gain. Rule as before, and bring the liability forward to the Cr. side of the same account, underneath the double ruling.

The Dr. side of the Loss and Gain account will now show the *losses* of the business, and the Cr. side will show the *gains* of the business. The difference between the footings will show the *net loss* or the *net gain* of the business.

6. **Close Loss and Gain Account.** — Enter upon the smaller side of Loss and Gain account, in *red ink*, the difference between the footings, and in *black ink* transfer this difference to the opposite side of the proprietor's account, or in proper proportions to the partners' accounts if the business be that of joint proprietors. The proprietor's account will now show his present interest in the business, or the partners' accounts will show their individual interests in the business.

7. **Close Proprietary Account.** — Enter upon the smaller side of the proprietor's account (or partners' accounts), in *red ink*, the difference between the footings, together with the date of closing and the page to which the balance will be transferred.

Rule as before, a *single red line* underneath the items, and a *double red line* underneath the written, equal footings.

Bring the balance forward in *black ink* to the opposite side of the same account, underneath the double red line, and the ledger should be in balance.

8. **A Second Trial Balance** should now be taken of all the balances brought forward into the reopened accounts.

PROCESS OF CLOSING THE LEDGER, FULL OR FINAL FORM

1. Take the trial balance and prepare the inventory as in current closing.

2. **Close Financial Accounts.** — Close the financial accounts as in current closing, but bring the balance forward in black ink to the opposite side of the Balance account in the ledger. Rule the account as in current closing.

3. **Close Business Accounts.** — Close the business accounts as in current closing, but bring the inventories forward in black ink to the opposite side of the Balance account in the ledger. Rule the accounts as in current closing.

4. Close Loss and Gain account as in current closing.

5. **Close Proprietary Accounts.** — Close the proprietary accounts as in current closing, but bring the balance forward in black ink to the opposite side of the Balance account in the ledger. The Balance account should now be in balance.

FIRST SET.—MEMORANDA OF TRANSACTIONS, *Continued*

Instructions.—In recording the following transactions in the various books, and in making out the vouchers, the pupil will observe the instructions given on page 61, using the same price lists in buying and selling, and the same buying list in taking the inventory.

The posting will be done under the same ledger headings as in the first half of the month, the same accounts being continued.

In closing the ledger use the full or final form of closing. See page 83.

Then make two balance sheets, one for the business to Jan. 15, and the other from Jan. 15 to Jan. 31. See pages 94, 95, and 96.

Homeville, Monday, Jan. 15, 19—. Sold Edward Everett, on credit, 3 bbls. superfine flour, at \$? ; 75 bus. corn, at ? ¢ ; total, \$? .

Jan. 15. Bought of Frederic Ford, on credit, 8 bbls. mess beef, at \$? ; 10 bbls. prime pork, at \$? ; total, \$? .

Jan. 16. Received \$ 150 cash of David Dodge on account.

Jan. 16. Paid Charles H. Curtiss \$ 175 cash, on account.

Jan. 17. Bought of Frederic Ford 10 bbls. mess beef, at \$? ; 15 bbls. Minnehaha flour, at \$? ; total, \$? . Gave him \$ 150 cash, in part payment; balance on account, \$? .

Jan. 17. Sold David Dodge 3 bbls. prime pork, at \$? ; 6 bbls. extra flour, at \$? ; total, \$? . Received \$ 40 cash, in part payment; balance, \$? , on account.

Jan. 18. Sold Edward Everett, on credit, 5 bbls. mess beef, at \$? ; 100 bus. corn, at ? ¢ ; total, \$? .

Jan. 19. Sold David Dodge, on credit, 6 bbls. superfine flour, at \$? ; 2 bbls. prime pork, at \$? ; total, \$? .

Jan. 19. Paid James Leonard \$ 13.25 cash, for drayage to date.

Jan. 19. Received \$ 4 cash, of George Howe, for desk room in office.

Jan. 20. Sold Henry Clark, for cash, 50 bus. corn, at ? ¢ ; 1 bbl. mess beef, at \$? ; total, \$? .

Jan. 20. Sold Charles Dowd, for cash, 2 bbls. prime pork, at \$? ; 3 bbls. superfine flour, at \$? ; total, \$? .

Jan. 22. Bought of Frederic Ford 15 bbls. mess beef, at \$? ; 15 bbls. prime pork, at \$? ; 500 bus. corn, at ? ¢ ; total, \$? . Gave him \$ 250 cash, in part payment; balance, \$? , on account.

Jan. 22. Sold David Dodge 5 bbls. superfine flour, at \$? ; 4 bbls. prime pork, at \$? ; 3 bbls. mess beef, at \$? ; total, \$? . Received \$ 75 cash, in part payment; balance, \$? , on account.

Jan. 23. Sold Benjamin Butler, on credit, 2 bbls. prime pork, at \$? ; 1 bbl. mess beef, at \$? ; 3 bbls. superfine flour, at \$? ; total, \$? .

Jan. 23. Received \$ 250 cash of Benjamin Butler, on account.

Jan. 24. Paid Aaron Austin \$ 280 cash, to apply on his account.

Jan. 25. Sold Benj. Butler 4 bbls. superfine flour, at \$? ; 4 bbls. Minnehaha flour, at \$? ; 2 bbls. mess beef, at \$? ; total, \$? . Received \$ 50 cash, in part payment; balance on account, \$? .

Jan. 26. Sold Edward Everett 5 bbls. Minnehaha flour, at \$? ; 3 bbls. superfine flour, at \$? ; 3 bbls. prime pork, at \$? ; 2 bbls. mess beef, at \$? ; total, \$? . Received cash, \$ 75, in part payment; balance, \$? , on account.

Jan. 27. Received cash, \$ 100, of David Dodge, on account.

Jan. 27. Paid Charles H. Curtiss cash in full of account, \$? .

Jan. 29. Received cash of David Dodge, \$ 100, to apply on account.

Jan. 30. Sold Henry Burchard, for cash, 650 bus. corn, at ? ¢ ; 2 bbls. superfine flour, at \$? ; 2 bbls. Minnehaha flour, at \$? ; 6 bbls. mess beef, at \$? ; total, \$? .

THE BALANCE SHEET

The form of balance sheet on the opposite page is both comprehensive and simple. It is a combination of the business statement and the financial statement, and will afford the student excellent practice in arranging the general results of business.

HOW TO PREPARE A BALANCE SHEET

1. Rule a sheet of paper to correspond to the form on the opposite page. The paper should be wide enough for three double money columns, one single money column, page column, and account titles. (*a*) Ascertain from the trial balance the number of lines required for the open accounts, and add six lines for the headings and the footings. (*b*) Rule the border line to inclose the balance sheet. (*c*) Rule the vertical triple lines so that the double money columns may be at least $1\frac{1}{2}$ inches wide. (*d*) Rule the double headline 2 spaces below the top border. (*e*) Rule the single sub-headline across the double money columns. (*f*) Rule the double \$ lines from the sub-headline to the base border. (*g*) Rule the single ¢ lines from the headline to the base border, giving about $\frac{1}{4}$ inch to the cents' column. (*h*) Rule the single vertical line for the page column.

2. Write the trial balance or "face of the ledger," using the first double money column for the amounts.

3. Write the inventories in the inventory column, and extend each one to the proper financial column.

4. Extend the amount of cash on hand to the resource column.

5. Extend the amounts due the concern on personal accounts to the resource column.

6. Extend the amounts due others on personal accounts to the liability column.

7. Extend the gains in the business accounts to the gain column, and the losses to the loss column.

8. Ascertain the net gain or the net loss, and write the amount in red ink in the loss column if it be a gain, or in the gain column if it be a loss.

9. Write the equal footings of the business accounts columns on the proper line.

10. Ascertain the standing of the concern and write the amount in red ink in the liability column if it be a net capital, or in the resource column if it be a net insolvency.

11. Write the equal footings of the financial columns on the proper line.

12. Rule a single line above the footings and a double line below.

Balance Sheet, List 1, Set 1

Th. E. Student's Balance, January 31, 19—.

SECOND SET.—TH. E. STUDENT, SOLE PROPRIETOR

The Object of this Set is to furnish material for additional practice in making daybook records, journalizing, posting, taking trial balances, making statements, ledger closing, and preparing balance sheets.

Characteristics.—Continuing business with a net capital consisting of various kinds of resources and liabilities; buying and selling several kinds of merchandise, for cash and on credit; receiving and paying cash on account; realizing a gain and closing with a net capital.

Books Used.—Practice ledger (for preparatory work); daybook, journal, and ledger as principal books; and cash book, receipt book, and check book as auxiliary books.

Business Forms Used.—Bills of parcels, receipts, checks, inventories, business statements, financial statements, and balance sheets.

Place of Business.—The same as adopted in the first set, the student using his own name as proprietor of the business.

Ledger Titles and Number of Lines Each will require.—Th. E. Student, 11; Benjamin Butler, 9; Edward Everett, 7; David Dodge, 7; Cash, 30; Aaron Austin, 4; Flour, 13; Mess Beef, 12; Henry Hunt, 9; Homeville Bank, 17; Apples, 10; Gray & Co., 6; Prime Pork, 11; Frederic Ford, 6; Insurance, 10; Real Estate, Union St., 7; Expense, 10; Ingless & Co., 7; Real Estate, Brown Co., 4; Lewis Lathrop, 4; John Jenkins, 6; Loss and Gain, 13; Balance, 14.

Price Lists.—The student will continue to use the same price lists for buying and selling as were assigned to him in the first set.

Buying Price Lists

Articles Bought	Per	1	2	3	4	5	6
Flour, Superfine,	bbbl.	5 50	5 55	5 60	5 65	5 70	5 75
“ Minnehaha,	“	6 85	6 90	6 95	7	7 05	7 10
Mess Beef,	“	12 25	12 30	12 35	12 40	12 45	12 50
Prime Pork,	“	13 50	13 55	13 60	13 65	13 70	13 75
Apples,	“	3 20	3 25	3 30	3 35	3 40	3 45

Selling Price Lists

Articles Sold	Per	1	2	3	4	5	6
Flour, Superfine,	bbbl.	6 45	6 50	6 55	6 60	6 65	6 70
“ Minnehaha,	“	7 80	7 85	7 90	7 95	8	8 05
Mess Beef,	“	13 65	13 70	13 75	13 80	13 85	13 90
Prime Pork,	“	14 95	15	15 05	15 10	15 15	15 20
Apples,	“	3 70	3 75	3 80	3 85	3 90	3 95

Preparing Price List.—The student should make a copy of the lists assigned to him in the form shown on page 61.

GENERAL DIRECTIONS FOR WORKING SECOND SET

First Working. — 1. Make out all bills of parcels to Feb. 15. See pages 66 and 67.

2. Write in the receipt book all receipts given out, and on blanks all receipts from other parties. See pages 68 and 69.

3. Write in the check book all checks issued, and on blanks all checks received from other parties. See pages 104 and 105.

4. Prepare deposit slips and write the bank pass book. See page 105.

5. Analyze each transaction to Feb. 15, using the practice ledger in which to record the work; and take a trial balance of the practice ledger. See page 64.

6. Prepare an inventory of unsold property. See page 100.

7. Prepare the business statement and the financial statement. See page 101.

Second Working. — 1. Record all transactions to Feb. 15 in the day book, and all cash transactions in the cash book, writing the day book entry first in each case. Balance the cash book Feb. 6 and Feb. 14. See pages 102, 78, and 79.

2. Write the journal to Feb. 15, and rule the pages.

3. Post to the ledger all journal entries to Feb. 15.

4. Take a trial balance.

5. Close the ledger in current form, and rule the ledger.

6. Prepare a balance sheet of the business to Feb. 15.

After the work to Feb. 15 has been inspected and approved by the teacher, the transactions of the last half of the month should be written up in the same way, except that the ledger should be closed in the full or final form.

MEMORANDA OF TRANSACTIONS

Homeville, Thursday, Feb. 1, 19—. Opened a new set of books with the following resources and liabilities, taken from my balance sheet:

Resources: Cash on hand, \$? ; claim against Benjamin Butler, \$? ; claim against David Dodge, \$? ; claim against Edward Everett, \$? ; flour on hand, per inventory, \$? ; mess beef on hand, per inventory, \$? ; prime pork on hand, per inventory, \$? ; coal on hand, per inventory, \$? ; unexpired rent, \$? ; total, \$? .

Liabilities: Aaron Austin's claim against me, \$? ; Frederic Ford's claim against me, \$? ; total, \$? .

Note 1. — The items given in the foregoing statement of resources and liabilities are taken from the balance sheet of the first set, Jan. 31, 19—. The pupil will use the corresponding items of his balance sheet, and should be careful to use the same price lists for buying and for selling which he used in the January business.

Note 2. — The pupil will write the cash entries involved in each transaction in the cash book before recording a subsequent transaction in the day book.

Note 3. — In opening the new journal make each resource Dr. for its proper amount, and the proprietor, Th. E. Student, Cr. for the sum of the resources invested. Make Th. E. Student Dr. for the sum of the liabilities, and each liability Cr. for its proper amount.

Note 4. — The first two journal entries could have been combined, forming one entry, by making each resource Dr. for its respective amount, each of the liabilities Cr. for its respective amount, and Th. E. Student Cr. for the difference between the sum of the resources and the sum of the liabilities. The net capital of the business would then appear in one amount, opposite the proprietor's name. The author favors the form given in the illustration. See page 103.

Feb. 1. Opened an account with the Homeville Bank and deposited \$1600 cash.

See journal entry, page 103.

Feb. 1. Insured my stock of Mdse. for \$500 at a premium of 2%, \$? ; policy, \$1; total, \$? ; paid for the same per check, favor Gale & Rust, insurance agents.

Note.—It has cost the business \$11 for insuring Mdse. Insurance is Dr. for the cost, and Homeville Bank is Cr. for the check drawn in payment. See journal, page 103.

Feb. 2. Received from the executor of my deceased father's estate, a deed of lot No. 86 Union St. and a 3-story store thereon, and invested the same in the business; value, \$7500.

Note.—As the proprietor invests this property in the business, it is entered as a resource by making Real Estate account Dr. for its estimated value; the proprietor's account is Cr. for the additional investment. See journal, page 103.

Feb. 2. Procured insurance in the Germania Fire Ins. Co. for \$5000 on my 3-story store, No. 86 Union St., for one year, at $1\frac{1}{2}\%$ premium, \$?; policy, \$1; premium and policy paid for per check, \$?, favor Gale & Rust.

Feb. 2. Received David Dodge's check on Park Bank for \$50, on account.

Note.—Cash is Dr. for the face value of another person's check received and held by us; David Dodge is Cr.

Feb. 3. Paid Frederic Ford \$150 on account, per check.

Feb. 5. Received from Benjamin Butler \$50, to apply on account, per check on Fidelity Bank.

Feb. 5. Bought of Gray & Co. 75 bbls. Michigan apples at \$?; gave them in part payment my check for \$100; balance on account.

Feb. 6. Paid Aaron Austin \$? in full of account, per check.

Feb. 6. Sold Henry Hunt 3 bbls. Minnehaha flour, at \$?; 4 bbls. mess beef, at \$?; total, \$?; received his check on Park Bank for \$25; balance on account.

Feb. 6. Deposited all checks on hand in the Homeville Bank. Dodge's check, \$?; Butler's check, \$?; Hunt's check, \$?; total, \$?.

Note.—These checks having been considered as cash, Homeville Bank becomes Dr. for amount deposited, and cash Cr. for the same. The checks are indorsed by the proprietor, Th. E. Student, before they are received by the bank as a deposit. The indorsement on the back of the checks is evidence of the transfer of ownership. See page 125. To avoid multiplicity of entries in this work, deposits are made once a week; but in actual business every check should be deposited the day it is received, or the following day.

Feb. 7. Received check on Traders' Bank for \$75, to apply on account of Edward Everett.

Feb. 7. Sold Ingless & Co. 3 bbls. superfine flour, at \$?; 4 bbls. mess beef, at \$?; total, \$?; received their check on Traders' Bank for \$25 in part payment; balance, \$?, on account.

Feb. 8. Received David Dodge's check on Park Bank for \$?, in full of account.

Feb. 9. Received Edward Everett's check for \$?, in full of account.

Feb. 9. Bought of John Jenkins 5 acres of land at Elba, Brown Co., at \$65, \$?; paid him per certified check, as "earnest money," \$25; balance to be paid on receipt of deed.

Note.—"Earnest money" is money paid by the buyer to the seller as a token or pledge "to bind the bargain" and "prove the sale." It is a part payment of the price.

Note.—A "certified" check is one which bears on its face an indorsement made by an officer of the bank upon which the check is drawn, stating or certifying that it is "Good." This certification signed by the officer of the bank assures the holder of the check that a sufficient amount of the depositor's funds will be retained in the bank to pay the check when it is presented.

Feb. 10. Paid Frederic Ford \$? per check, in full of account.

Feb. 10. Sold Henry Hunt 2 bbls. Minnehaha flour, at \$?; 3 bbls. mess beef, at \$?; total, \$?; received his check on Park Bank for \$30; balance on account, \$?.

Feb. 12. Received Benjamin Butler's check for \$? on Fidelity Bank, in full of his account.

Feb. 12. Paid sundry expenses in cash, \$5.37.

Feb. 13. Received cash of S. A. Reed, in full for desk room in office to Feb. 15, \$3.

Feb. 14. Sold Benjamin Butler 2 bbls. prime pork, at \$?; received his check on State Bank for \$15 in part payment; balance, \$?, on account.

Feb. 14. Deposited all checks on hand in Homeville Bank, \$?.

Note.—At this point close the ledger, current form; make out inventory, business statement, financial statement, and balance sheet, and submit your work to the teacher for approval.

SECTION THREE

BUSINESS SETS FOR PRACTICE IN MODERN BOOKKEEPING JOURNAL-DAYBOOK AND CASH-JOURNAL

THE JOURNAL-DAYBOOK

The preceding section was devoted principally to the exemplification of the day book and the journal as separate and distinct books. The student was shown how to record business transactions in the day book, then how to enter them in the journal preparatory to posting them in the ledger.

Having learned the character of a day book record and what constitutes a journal entry, he should be better prepared to record business transactions intelligently in the combined day book and journal called the Journal-Daybook.

The Model Journal-Daybook, in which are recorded the transactions of the next two weeks, is to be carefully studied, in detail, by the student, before he begins to write up the work in the blank books. He should see how each transaction narrated in the memoranda is entered in the journal-daybook; how each entry is arranged to show not only the fact of the transaction, but also the accounts which are affected by it. He is expected to become so familiar with this combined form of entry that the instant he sees or hears a transaction stated he will know how it should appear in the journal-daybook.

The Model Cash-Journal, represented in the seventh and eighth sets, is a combination of the day book, journal, and cash book, so far as cash entries are concerned. In it the transactions are so entered that they may be posted directly from it to the ledger. It may be used for any of the sets if the teacher so desires.

The Student is not to Copy the model, but to enter the transactions just as he would in real business, making, in regular order, all the calculations and extensions, writing and filing all the vouchers, posting and closing the ledger as set forth in the directions for working which follow.

THIRD SET.—TH. E. STUDENT, SOLE PROPRIETOR

Object of the Set.—The principal object of this model set is to illustrate the use of the journal-daybook as a book of original entry. It is also for the purpose of giving further practice in the use of the ledger, cash book, receipt book, and check book, and in making business forms.

The Stock Record Book, introduced in this set, is a book in which a special record is kept of the quantity of goods purchased and the quantity sold, so as to show at any time the quantity of goods on hand. When goods are purchased the date and the amount are entered on the Dr. side of the account, and when a sale is made the date and the amount sold are entered on the Cr. side. The excess of the Dr. side should show the amount of stock on hand. The form of record is shown on page 113.

Student as Proprietor.—The student will be the proprietor and the bookkeeper of the business, will write up the transactions in his own name, and make all the calculations and extensions, without any assistance other than that given him by the teacher.

Accuracy and Neatness.—In this set more of the details of the business represented are given, the object being to insure absolute accuracy and neatness, and an intelligent understanding of the principles underlying practical bookkeeping.

Characteristics.—Commencing with a net capital; buying and selling merchandise for cash and on credit; receiving and paying cash on account; depositing funds in a bank; issuing and receiving checks; realizing a net gain; and closing with an increased capital.

Business Forms Used.—Bills of parcels, receipts, deposit tickets, checks, business statements, financial statements, and balance sheets.

Books Used.—Journal-daybook and ledger as principal books; receipt book, check book, bank pass book, cash book, and stock record book as auxiliary books.

Ledger Titles and Number of Lines Required.—Th. E. Student, 9; Wheat, 17; Marion Mead, 7; Cash, 33; Sugar, 20; Corn, 12; Knight & King, 12; Leonard Lyon, 13; Philip Pond, 8; Orrin Olson, 12; Nathan Norton, 10; Flour, 11; Insurance, 9; Oats, 12; Quinn & Co., 12; Ray Russell, 12; Molasses, 8; Silas Smith, 6; Thomas Tyler, 7; Expense, 9; Loss and Gain, 16; Homeville Bank, 12; Cash (2d), 7; Balance, 15.

DIRECTIONS FOR WORKING

1. Make out incoming and outgoing bills of parcels, receipts, and checks up to March 15, according to previous directions, and properly file them.
2. Prepare deposit ticket and write the bank pass book.
3. Enter in the stock record, each day, the amount of goods purchased and the amount sold.
4. Record in the journal-daybook the transactions to March 15, and in the cash book all cash transactions, closing the cash book on the 3d, 10th, and 15th days of the month, and submit your work to the teacher for inspection and approval.

5. Post to the ledger and take trial balance.
6. Take an account of stock on hand March 15, and prepare the business statement and the financial statement.
7. Close the ledger in current form and make the balance sheet.
8. Complete the work of the month in the same manner, closing the cash book on the 17th, 24th, and 31st days of the month, and closing the ledger in full form.

COMMERCIAL PAPER

PROMISSORY NOTES

A **Promissory Note** is a written agreement by one party, called the *maker*, for or in consideration of some value received by him, to pay to another party, called the *payee*, or to his order, or to bearer, at a fixed time, a definite sum of money. This promise must be absolute, no contingency being admissible; the time of payment and the amount to be paid must be definitely stated, and the consideration must be a valuable one.

A **Negotiable Promissory Note** is one payable *to order* or *to bearer*. If made payable to the *payee* or *bearer*, it is transferable from one holder to another by simple delivery; but if made payable to the *payee* or *order*, it is transferable only by indorsement or assignment.

Form of a Negotiable Promissory Note

	\$ 457 ⁵⁰ / ₁₀₀ .	CLINTON, N. Y., <i>April 17, 19—</i> .
	<i>Ninety days</i> ~~~~~ after date, for value received,	
	I promise to pay <i>Rodney G. Kimball</i> , ~~~~~ or order,	
	<i>Four Hundred Fifty-seven and</i> ⁵⁰ / ₁₀₀ ~~~~~ Dollars,	
	<i>at the Homeville Bank.</i>	
No. 1.	<i>David H. Cochran.</i>	

A **Non-negotiable Note** is one which is written payable to a particular party without the privilege of transfer by delivery or indorsement, the negotiable words *or bearer* or *or order* being omitted.

Form of a Non-negotiable Note

	\$ 457 ⁵⁰ / ₁₀₀ .	CLINTON, N. Y., <i>April 17, 19—</i> .
	<i>Ninety days</i> ~~~~~ after date, for value received,	
	I promise to pay <i>Rodney G. Kimball</i> ~~~~~	
	<i>Four Hundred Fifty-seven, and</i> ⁵⁰ / ₁₀₀ ~~~~~ Dollars,	
	<i>with interest at seven per cent.</i>	
No. 2.	<i>David H. Cochran.</i>	

The **Parties** to negotiable paper are known as Original Parties and Subsequent Parties. The original parties are those whose names appear in the instrument when it is made. The subsequent parties are those to whom the paper may have been transferred by indorsement or otherwise.

The **Maker** of the note is the party who signs it. The **Payee** of the note is the party to whom the note is made payable. In note No. 1, David H. Cochran is the *maker*, or *first party*, and Rodney G. Kimball is the *payee*, or *second party*.

An **Individual Promissory Note** is one which is signed by one person only.

A **Joint Promissory Note** is one which is signed by two or more persons, who are jointly liable for its payment, and is written, "*we promise to pay,*" etc.

Form of a Joint Promissory Note

	\$457 ⁵⁰ / ₁₀₀ .	CLINTON, N. Y., April 17, 19—.
	<p>Ninety days after date, for value received, <i>we</i> promise to pay Rodney S. Kimball, _____ or order, Four Hundred Fifty-seven and ⁵⁰/₁₀₀ _____ Dollars, at the Homeville Bank.</p>	
	<p>David H. Cochran, George W. Plympton.</p>	
	No. 3.	

A **Joint and Several Note** is one signed by two or more persons, who are jointly and individually responsible for its payment; it is usually written, "*we jointly and severally promise to pay.*"

Form of a Joint and Several Promissory Note

	\$457 ⁵⁰ / ₁₀₀ .	CLINTON, N. Y., April 17, 19—.
	<p>Ninety days after date, <i>we</i> jointly and severally promise to pay Rodney S. Kimball, _____ or order, Four Hundred Fifty-seven and ⁵⁰/₁₀₀ _____ Dollars, at the Homeville Bank, with interest at 7%.</p>	
	<p>David H. Cochran, George W. Plympton.</p>	
	Value received.	
	No. 4.	

A **Principal and Surety Note** is one which is signed by the maker, and also by one or more persons as *sureties*.

Form of Principal and Surety Note

	\$457 ⁵⁰ / ₁₀₀ .	CLINTON, N. Y., April 17, 19—.
	<p>Ninety days _____ after date, for value received, I promise to pay Rodney S. Kimball, _____ or order, Four Hundred Fifty-seven and ⁵⁰/₁₀₀ _____ Dollars, at my office.</p>	
	<p>David H. Cochran, Charles Davis, Surety.</p>	
	No. 5.	

When we issue our promissory note we should record the fact in our bill book, under Bills Payable, and when we redeem our note, either wholly or in part, we should complete the record by an entry in the same book. We should also cancel our signature and file the note as a voucher. See pages 134 and 135.

When we receive another's promissory note, it should be recorded in the bill book, under Bills Receivable, and when the note is paid, or otherwise disposed of, the fact should be entered in the same book. See pages 134 and 135.

Notes Payable on Demand.— Notes made payable on demand draw interest from the date of demanding payment.

A note does not draw interest until maturity unless it is otherwise stated in the note. An indorser becomes liable for the payment of a note if the maker fails to pay.

DRAFTS AND ACCEPTANCES

A **Draft** or **Bill of Exchange** is a written order or request from one party, called the *drawer*, on a second party, called the *drawee*, to pay to a third party named therein, called the *payee*, or to his order, a specified sum of money.

The Parties to a draft or bill of exchange are as follows:

The Drawer, or first party, is the party who draws the draft.

The Drawee, or second party, is the one on whom the draft is drawn.

The Payee, or third party, is the party in whose favor the draft is drawn.

Form of Time Draft after Sight

	\$100 ⁰⁰ .	ALBANY, N.Y., March 3, 19—.
	At Thirty days' ~~~~~ sight, value received,	
	Pay to Th. E. Student ~~~~~ or order,	
	One Hundred and ⁰⁰ / ₁₀₀ ~~~~~ Dollars,	
	and charge to the account of	
	To David H. Cochran, } Clinton, N.Y. } George W. Plympton.	

In the foregoing draft, George W. Plympton is the drawer, David H. Cochran is the drawee, and Th. E. Student is the payee.

Accepting a Draft.— The drawee of a draft *accepts the draft* by writing across its face the date, the word *accepted*, and his signature. The drawee then becomes the acceptor, and the draft becomes an *acceptance*.

Form of Accepted Draft or Acceptance

	\$100 ⁰⁰ .	ALBANY, N.Y., March 3, 19—.
	At Thirty days' ~~~~~ sight, value received,	
	Pay to Th. E. Student ~~~~~ or order,	
	One Hundred and ⁰⁰ / ₁₀₀ ~~~~~ Dollars,	
	and charge to the account of	
	To David H. Cochran, } Clinton, N.Y. } George W. Plympton.	

Accepted Mar. 4, 19
David H. Cochran

The foregoing acceptance becomes a written promise of the *drawee* to pay the acceptance at the specified time, and therefore has the same force as a promissory note signed by the same party.

When we accept a draft, we should record the fact in our bill book, under Bills Payable, and when we redeem it, we should mark it "paid" in the bill book, and also cancel our signature and file the draft as a voucher. See pages 134 and 135.

When we receive another party's acceptance, we should make a record of it in the bill book, under Bills Receivable, and when it is paid, or otherwise disposed of, the fact should be entered in the same book. See pages 134 and 135.

A Time Draft is one which is payable a certain time after sight or after date.

After Sight.— A draft drawn payable a certain time *after sight* begins to mature from the *date of acceptance*.

After Date.— A draft drawn payable a certain time *after date* begins to mature from the *date of the draft*.

Form of Time Draft after Date

	ALBANY, N. Y., <i>March 3, 19—</i> .
	<i>Thirty days after date,</i> _____ value received,
	Pay to <i>Rodney S. Kimball,</i> _____ or order,
	<i>One Hundred and</i> ⁰⁰ / ₁₀₀ _____ Dollars, <i>\$100⁰⁰,</i>
	and charge to the account of
	To <i>David H. Cochran,</i> } <i>George W. Plympton.</i> <i>Clinton, N. Y.</i> }

A Sight Draft is one which requires immediate payment, though in some states days of grace are allowed.

Form of Sight Draft

	<i>\$100⁰⁰.</i> ALBANY, N. Y., <i>March 3, 19—</i> .
	<i>At Sight,</i> _____ value received,
	Pay to <i>Rodney S. Kimball,</i> _____ or order,
	<i>One Hundred and</i> ⁰⁰ / ₁₀₀ _____ Dollars,
	and charge to the account of
	To <i>David H. Cochran,</i> } <i>George W. Plympton.</i> <i>Clinton, N. Y.</i> }

Drafts Payable on Demand.— Days of grace are not allowed on drafts drawn payable on demand.

Protesting is formally demanding payment of a note or draft when it falls due, and notifying the indorsers that they are held liable for any loss or damage from non-payment or non-acceptance.

It is not necessary to protest a note when there is no indorser.

An indorser who has been compelled to pay a note may recover his loss from the maker if the latter has property.

MATURITY OF COMMERCIAL PAPER

It is a matter of great importance to the man of business to know the exact day on which a note or acceptance matures. If an indorser is not notified of the non-payment of a note or acceptance on the proper day, the law will not hold him for the payment of the dishonored paper.

A note may be dated earlier or later than the day on which it is made. If the date or time to run is omitted, it may be established by proof.

A note need not be dated at the place where it is made, and may be made payable at any particular place that may be agreed upon by the parties. If agreeable to the payee, the maker ought to fix the place of payment, which may be at his own office or his place of deposit.

The Day of Maturity is the day on which a note or acceptance becomes legally due. In many of the states a note or draft is not legally due until three days after the expiration of the time specified in the instrument, except it contain the words "*without grace.*"

Days of Grace are three days allowed to the maker of a note and drawee of a draft beyond the stated time of payment.

The statutes and customs of the different states vary in regard to days of grace, and holidays. The maturity of a note or draft is governed by the laws and customs of the state where it is made payable.

Legal Holidays.—Commercial paper falling due on a legal holiday or on Sunday is payable the day before, in some states; the day after, in others.

A Calendar Month is understood in determining the day of maturity when the time to run is expressed in months; when the time is expressed in days, the exact number of days is used.

Paper dated on the last day of the month for any number of months, payable in states where days of grace are allowed, will mature on the third day after the same day of the month if the month have so many days; otherwise it will mature on the third day after the last day of the month.

ILLUSTRATIONS.—A note payable *one month* after date, dated Apr. 30, will mature on the third day after May 30; and a note at *one month* dated May 31 will mature on the third day after June 30. A note payable *one month* after date, dated Jan. 31, will mature on the third day after Feb. 28 (or Feb. 29), Mar. 3; but if payable *thirty days* after date, it will mature Mar. 5 (or, in leap year, Mar. 4). Notes dated Jan. 29, 30, and 31 (also, except in leap years, Jan. 28), payable in *one month*, will mature on the same day, Mar. 3 (or, in leap year, Mar. 4).

INDORSEMENTS OF COMMERCIAL PAPER

An Indorsement is a writing, usually upon the back, but sometimes upon the face, of a negotiable instrument, by which the property therein is transferred. It may be *in blank*, *in full*, *qualified*, *restrictive*, or *conditional*.

An Indorser.—By writing his name across the back of a note or draft, the payee becomes an *indorser*, and thereby transfers his property in the instrument to another, who becomes the indorsee. If the indorsee of an instrument transfers it by writing his name below that of the former indorser, he then becomes an indorser.

An Indorsement in Blank consists simply of the signature of the indorser. An instrument thus indorsed becomes payable *to bearer*, and may be transferred from one party to another by delivery.

An **Indorsement in Full** consists of direction to pay to some specified party or his order, and the signature of the indorser.

A **Restrictive Indorsement** limits the negotiability of the instrument to a particular party, or to a particular purpose. The payee or first indorser only can make a restrictive indorsement binding.

A **Qualified Indorsement** is one made for a special purpose, as when the indorser wishes to free himself from responsibility should the maker refuse to pay.

A **Conditional Indorsement** consists in making the payment depend upon some contingency, as "Pay to David Burt if State Superintendent."

A **Security Indorser** is one who indorses commercial paper without owning it or having any interest in it.

The promissory note No. 1, on page 121, is made payable to Rodney G. Kimball or order. Should Mr. Kimball desire to sell this note, he could transfer his title or ownership to the buyer by writing his name across the back of the note. Had the note been made payable to Rodney G. Kimball or bearer, he could transfer his ownership to another party by delivery without indorsement.

The maker of a note may make it payable to himself and indorse it in blank, and thus enable the holder to transfer it without indorsing, and thus without liability.

A **Member of a Firm** may indorse for all the members of the firm, but after dissolution of the firm the indorsement must be made by the members severally.

An **Agent** may indorse for his principal.

An indorsement should be written across the back of the instrument and above the middle, with the left end of the paper up.

FOURTH SET. — GROCERIES. — STUDENT, SOLE PROPRIETOR

The Object of the Set is to familiarize the student with the entries of transactions which involve promissory notes. He will learn the forms and the uses of the note book and the bill book as auxiliary books, and will have much practice in keeping them.

The business represented in the memoranda is a continuation of that recorded in the preceding set. The student will continue to act as proprietor and bookkeeper.

The more difficult entries are fully illustrated in the journal-daybook of the first two weeks, which should be thoroughly studied. The consideration of interest and discount will be made the special subject of a succeeding set.

Characteristics. — Continuing a former business with a net capital as shown by the balance sheet; buying and selling different kinds of merchandise for cash, on account, and on promissory notes; receiving and paying cash on account and on promissory notes; realizing a gain, and closing with an increased capital.

Business Forms Used. — Bills of parcels, receipts, deposit tickets, checks, promissory notes, business statements, financial statements, and balance sheets.

Books Used. — Journal-daybook, ledger, receipt book, check book, bank pass book, note book, bill book, cash book, and stock record book.

Ledger Titles and Number of Lines Each will Require. — Th. E. Student, 9; Wheat, 9; Expense, 12; Philip Pond, 4; Sugar, 14; Insurance, 9; Molasses, 12; Leonard Lyon, 5; Orrin Olson, 7; Quinn & Co., 7; Ray Russell, 9; Knight & King, 6; Homeville Bank, 24; Marion Mead, 7; Nathan Norton, 4; Silas Smith, 7; Thomas Tyler, 7; Bills Payable, 19; Bills Receivable, 24; Apples, 11; Cash, 32; Potatoes, 12; Ulysses Upham, 4; V. Van Ness, 4; Amos Arnold, 6; Zadoc Young, 4; William Windom, 6; Benoni Butler, 6; James King, 4; Henry Sabin, 4; Charles Chute, 4; Henry Ivison, 4; D. Evans, 4; John Adams, 4; James K. Polk, 4; Thomas Lowry, 4; Rye, 6; Loss & Gain, 16; Balance, 18.

DIRECTIONS FOR WORKING FOURTH SET

1. Complete all the work of each day before commencing the work of any succeeding day, as follows: (a) make out all bills of parcels, both incoming and outgoing; (b) write in the receipt book all the receipts for money received, and on blanks receipts for all money paid; (c) write in the check book all checks issued, and on blanks all checks received from other persons; (d) write in the note book all notes issued, and on blanks all notes received from other persons; (e) record in the bill book all notes issued and all notes received, and check in the bill book all notes redeemed and disposed of; (f) prepare deposit tickets for all deposits made, and make corresponding entry in the bank pass book; (g) write in the cash book all cash receipts and disbursements, closing the cash book Apr. 7 and Apr. 14.

2. Record in the journal-daybook all transactions to the 15th day of the month, and post to the ledger.

3. Take a trial balance, and prepare an inventory of goods on hand Apr. 14.

4. Close the ledger in current form, prepare business and financial statements, and make balance sheet.

5. Write up the business for the remainder of the month in the same way, closing the cash book Apr. 21 and Apr. 30, but closing the ledger in final form.

FIFTH SET.—DRY GOODS. STUDENT SOLE PROPRIETOR

The Object of this Set is to afford a general review of the work of the preceding sets, and to give additional practice in the entry of transactions involving promissory notes.

The pupil will consider himself the proprietor of the business, will write all the correspondence, make out all the papers, and keep the books.

Hereafter the bank account will be kept in the check book only (page 104), and funds in bank will be considered part of the cash on hand. Hence cash is credited, instead of the bank, when a check is issued; and no journal entry is made of a deposit.

Characteristics.—Buying and selling dry goods for cash, on personal credit, and on promissory notes; receiving and paying cash on personal account, and on notes; meeting with a loss by fire, and closing the books with a decreased capital.

Business Forms Used.—Bills of parcels, receipts, deposit tickets, checks, promissory notes, bank drafts, business statements, financial statements, and balance sheets.

Books Used.—Journal-daybook, ledger, receipt book, check book, bank pass book, note book, bill book, cash book, stock record book, and trial balance book.

Ledger Titles and Number of Lines Each will Require.—Th. E. Student, 11; Adam Brown, 8; Byron Cook, 7; C. C. Dunn, 7; Cash, 20; Dennis Eagan, 6; Edward Forster, 6; Merchandise, 24; Store and Fixtures, 10; Bills Payable, 23; George Hunter, 4; Irwin Janney, 7; Lord & Taylor, N.Y., 6; Charles Adams, Boston, 6; H. Smith & Co., N.Y., 4; Seth Tuttle, N.Y., 4; George Hunter, Chicago, 4; Otto Miller, Chicago, 4; James King & Co., N.Y., 6; Henry Irving, Chicago, 6; James Rich, Canton, 4; Murray James, 4; George Clark, 4; Harry Curtiss, 4; George Huhn, 4; David Ford, 4; Henry Jones, 4; Aaron Bull, 4; Myron Dale, 4; Simon Jewell, 4; Silas Smith, 4; Thomas Catlin, 4; Jonas Bell, 4; Samuel Ladd, 4; Bills Receivable, 21; Insurance, 7; Expense, 8; Paul Quinn, 4; Oscar Sawyer, 4; Neill Odium, 4; Lemuel Mott, 4; Mark Nichols, 7; Cash (2d), 22; King & Co., 6; Thomas Utley, 6; Merchandise (2d), 15; Premium, 8; Remittances, 12; Loss and Gain, 12; Balance, 18.

DIRECTIONS FOR WORKING THE FIFTH SET

1. Complete all the work of each day before commencing the work of any succeeding day, as follows: (a) Make out bills of parcels, both incoming and outgoing. (b) Write in the receipt book receipts for money received, and on blanks for money paid. (c) Write in the check book all checks issued, and on blanks all checks received. (d) Write in the note book all notes issued, and on blanks all notes received. (e) Record in the bill book all notes issued and received, and check in the bill book all notes redeemed and disposed of. (f) Prepare deposit tickets and make corresponding entry in the check book and bank pass book. (g) Write in the cash book the receipts and disbursements of money (including checks). (h) Enter in the stock record book each purchase and sale.

2. Record in the journal-daybook each day's business to the 14th day of the month and post to the ledger.

3. Take trial balance, and prepare inventory.

4. Close ledger in current form, make business and financial statements and balance sheet of the business for the two weeks.

5. Finish the month's business in the same order, but close the ledger in final form.

SIXTH SET. — FURNITURE BUSINESS. STUDENT SOLE PROPRIETOR

Object of the Set. — The object of this sixth set is to teach the making of drafts and acceptances, and the method of recording them in the various books.

The transactions in this set are selected and arranged so as to present drafts and acceptances in almost every conceivable manner and condition. The pupil will in turn become drawer, drawee, payee, acceptor, and indorser. He will draw drafts, accept drafts, pay drafts, indorse drafts, and collect when due. He will learn how to keep the record of their date and maturity in the bill book, and how to dispose of them when paid.

The pupil will be the proprietor of the business, perform the transactions, and keep the books.

Business Papers Used. — Bills of parcels, receipts, deposit tickets, checks, promissory notes, drafts, acceptances, statements, and balance sheets.

Books Used. — Journal-daybook, ledger, receipt book, check book, note book, draft book, bill book, cash book, bank pass book, and trial balance book.

Ledger Titles and Number of Lines Each will require. — Th. E. Student, 9; Adam Brown, 7; Byron Cook, 7; C. C. Dunn, 6; Lemuel Mott, 4; Dennis Eagan, 7; Paul Quinn, 7; Oscar Sawyer, 9; Premium, 11; Cash, 24; Neill Odium, 6; Thomas Utley, 4; Bills Receivable, 14; King & Co., 7; Real Estate, 7; Mark Nichols, 6; Bills Payable, 17; Bovey & Co., 4; Edward Forster, 7; George Hunter, 6; Irwin Janney, 8; Henry Irving, 9; Insurance, 9; Bohn & Co., 7; Store Fixtures, 6; Henry Stevens, 6; H. C. Butler, 7; Burt & Phelps, 5; Expense, 10; Mdse., 29; Good Will, 4; Mdse. (2d), 20; L. C. Lord, 7; W. F. Phelps, 6; Cash (2d), 26; Walker & Co., 6; Home Manufacturing Co., 6; Remittances, 10; Loss & Gain, 14; Balance, 14.

DIRECTIONS FOR WORKING SIXTH SET

1. Complete all the work of each day before commencing the work of any succeeding day, as directed in the preceding set (p. 138). Deposit daily in Homeville Bank all cash (currency and checks) received.
2. Record in the journal-daybook each day's business, posting daily to the ledger, and taking a trial balance in the trial balance book weekly (June 9, 16, 23, and 30).
3. Write up the cash book daily, and close the cash book weekly.
4. Close the ledger, in current form, on the 16th of June, and make business and financial statements and balance sheet.
5. Close the ledger, in full form, at the end of the month, and make business and financial statements and balance sheet.

SEVENTH SET. — PARTNERSHIP. FURNITURE MANUFACTURING

This set represents a furniture manufacturing business conducted by a firm consisting of C. C. Curtiss and Th. E. Student. Th. E. Student is to have the general management of the business and to keep the books. The partners invest equally and share alike in losses and gains.

The transactions are arranged for the purpose of reviewing all preceding work, and for additional practice in the journal-daybook. The cash journal will receive special attention. All cash transactions will be entered in the cash journal only, and posted to the ledger from it. The cash journal will be balanced weekly, as it would be daily in actual business. The bank account will be kept in the check book, and the funds in the bank will be considered as cash on hand, as in the sixth set.

Ample material will be afforded for practice in recording transactions which involve interest and discount. Interest accrued on bills receivable and bills payable, and also discount on commercial paper not matured, are taken into consideration in showing the investments and also the condition of the business.

Business Forms Used.—Invoices, receipts, deposit tickets, checks, notes, drafts, statements, and balance sheets.

Books Used.—Journal-daybook, cash journal, ledger, note book, draft book, bill book, check book, bank pass book, trial balance book, time book, and pay roll.

GENERAL INSTRUCTIONS FOR WORKING SEVENTH SET

1. Write all the commercial paper involved in the opening of the books.
2. Record the opening entries in the journal-daybook and cash journal.
3. Open the ledger, post and take a trial balance.
4. Make out all the business forms, record all transactions in the journal-daybook, or cash journal to July 7, inclusive, and balance the cash journal.
5. Post and take a trial balance.
6. Write up the business to July 14, inclusive, in the same manner.
7. Post and take a trial balance.
8. Write up the business to July 21, inclusive.
9. Post and take a trial balance.
10. Write up the fourth week's business, and take a trial balance.
11. Write up the business to Aug. 1, and take a trial balance.
12. Close up the books, make statements and balance sheet.

Ledger Titles and Number of Lines each will Require.—C. C. Curtiss, 6; Th. E. Student, 6; Cash, 10; Van Dusen & Co., 4; Knute Larsen, 4; Michael Nelson, 4; Bills Receivable, 20; George Heath, 7; Edwin Fuller, 7; Interest, 18; Bills Payable, 10; Isaac Jacobs, 6; Materials, 13; Osear Patton, 6; Quirk & Co., 6; Expense, 9; Mdse., 34; Tools & Instruments, 6; Good Will, 6; Van Wyck & Co., 7; Gideon Hooker, 7; Arthur Bond, 8; Mortgage Payable, 6; Charles Dean, 6; C. to its maturity.----Bills Payable account is Cr. for the face of Th. E. Student's note, favor of Underwood & Co., and Interest account is Cr. for the interest accrued from its date to July 2.

July 2. Opened an account with Home City Bank and deposited our individual checks received as cash investments, to the credit of Curtiss & Co., \$14,563.53.

July 2. Bought of Van Dusen & Co. their entire interest in the furniture business now carried on at Home City, including the following items, as per bill of sale: Mdse., finished work, per invoice, \$10,000; materials and unfinished work, per invoice, \$5000; tools, implements, and machinery, per invoice, \$2500; good will valued at \$2000; one month's rent of store and factory, prepaid, \$150; total, \$19,650; gave in payment our 4 notes with interest at 6%, secured by mortgage on the property, as follows: note No. 1, at 15 days, \$650; note No. 2, at 30 days, \$1000; note No. 3, at 3 months, \$2000; note No. 4, at 2 years, \$10,000; our certified check on Home City Bank for the balance, \$6000.

Instruction.—A mortgage is a conveyance of property, upon condition, as security for the payment of a debt or the performance of a duty, and to become void upon payment or performance.

Good will is the custom of any trade or business; the tendency or inclinations of persons, old customers and others, to resort to an established place of business; the advantages accruing from such tendency or inclination. It consists "in the probability that the old customers will resort to the old place." It is considered as a kind of personal property which may be bought or sold.

July 2. Insured our property in the Home Insurance Co., Kinsley & Co. agents, as follows: \$9000 on Mdse. finished and unfinished; \$1000 on tools, implements, and machinery; total, \$10,000, at 2½% premium, \$?; paid them, per check, for one half of premium, \$?; balance, our note at 10 days, with interest, \$?.

July 2. Cash sales of Mdse. for the day, per tickets, \$36.20.

Instruction.—If no sales book is kept, the cash sales are entered on sales tickets by the salesmen. These sales tickets are then put on spindles and kept until the close of business each day, when they are added, and the gross amount entered in the journal or the cash book.

A cash register is now quite extensively used in the place of tickets.

July 3. Sold Arthur Bond, on credit, 1 B. W. bookcase, \$?; 1 B. W. center table, \$?; 4 B. W. office chairs, at \$?; 1 upholstered easy chair, \$?; total, \$?.

July 3. Sold Charles Dean, on credit, 1 B. W. chamber set, \$?; 1 B. W. dining table, \$?; 6 B. W. dining chairs, at \$?; 1 B. W. sideboard, \$?; total, \$?.

July 3. Sold Edwin Fuller, on credit, 1 R. W. parlor set, \$?; 1 R. W. writing desk, \$?; 1 oak bookcase, \$?; 2 upholstered easy chairs, at \$?; total, \$?.

July 3. Cash sales of Mdse. for the day, per tickets, \$42.60.

July 5. Sold George Heath, on his note at 10 days, with interest at 6%, 1 oak chamber set, \$?; 1 oak dining table, \$?; 8 oak dining chairs, at \$?; 1 oak sideboard, \$?; total, \$?.

July 5. Bought of Isaac Jacobs, on credit, 2¹/₂ tons coal, at \$6.50, for factory use.

July 5. Sold Knute Larson, on note at 30 days, 1 ash chamber set, \$?.

July 5. Cash sales of Mdse. for the day, per tickets, \$27.90.

July 6. Sold Michael Nelson 1 ash chamber set, \$?; 1 ash dining table, \$?; 6 ash dining chairs, at \$?; 1 oak sideboard, \$?; total, \$?; received in payment Oscar Patton's acceptance, favor of Michael Nelson, dated July 6, 19—, at 11 days.

July 6. Received Arthur Bond's check, in full of his note, favor of C. C. Curtiss, due this date; face of note, \$?; interest, 63 days at 6%, \$?; total, \$?.

July 6. Received Michael Nelson's check for \$593.80 in payment of his note, favor Th. E. Student, less discount to maturity; face of note, \$?; discount, 62 days, \$?.

July 6. Cash sales of Mdse. for the day, per tickets, \$54.25.

July 7. Bought of Rufus Sterling & Co., on our note at 60 days, payable at our office, lumber, per invoice, \$1250. (Charge to Materials account.)

July 7. Received finished work from the factory, per foreman's statement, and charged the same to Mdse. account, \$750.

Instruction. — Goods in the factory or shop which are not in a finished condition are here considered as *materials*, and when finished are transferred to the store or salesroom, are charged to Mdse. account and credited to Materials account. The amount given represents the factory price or cost of manufacturing the goods transferred.

July 7. Deposited in Home City Bank Arthur Bond's check, \$? ; Michael Nelson's check, \$? ; currency, \$? ; total, \$ 2200.

July 7. Drew \$ 126.14 from Home City Bank, per check, and paid workmen's wages for the week, as per time book and pay roll. See pages 156-159. (Materials, Dr.)

Instruction. — Workmen in factories usually receive their wages weekly. The foreman of the factory makes out the pay roll of the workmen for the week and sends it to the office. The manager draws a check for the entire amount of the pay roll, and obtains from the bank currency in denominations convenient for paying the workmen individually. He then places each workman's wages in a separate envelope and delivers it to the workman, receiving in return his receipt, which is usually his signature on the pay roll opposite his name and amount. Some managers draw a check for each individual workman, and thereby obtain each workman's signature indorsed on the check, which serves as a receipt for his wages.

July 9. Sold Van Wyck & Co. 4 B. W. chamber sets, at \$? ; 6 oak chamber sets, at \$? ; 6 oak dining tables, at \$? ; 48 oak dining chairs, at \$? ; total, \$? ; received their check, dated July 11, for \$ 750 ; balance on account, \$? .

EIGHTH SET. — PARTNERSHIP. PRODUCE AND SHIPPING

This set represents a Produce and Shipping Business conducted by a firm consisting of two partners who invest unequally, and share the gains and losses in proportion to their net investments. Each partner is to give his entire time to the business and shall receive six per cent interest on his net investment, and shall be charged six per cent on his temporary withdrawals.

The transactions represented in this set are arranged for the purpose of presenting the subject of Interest and Discount, in its various phases.

The cash journal is made a special feature, all cash transactions being recorded in the cash journal, and posted to the ledger from the cash journal. This book is closed weekly, and balance brought forward. The Cash account may be omitted from the ledger, and when it is so omitted, the balance of cash on hand is used in making the weekly trial balance.

Special opportunity is afforded for practice in letter writing in connection with the shipping transactions and other business.

In an extensive business, where many buyers and salesmen are employed, the purchases of merchandise would be entered in a purchase journal and the sales of merchandise would be entered in a sales journal. The total purchases for the day would be posted to the debit of Merchandise in the ledger, and the proper persons credited; the total sales for the day would be posted to the credit of Merchandise in the ledger, and the proper persons debited. These special journals may be used in this set at the discretion of the instructor.

Books Used. — Journal-daybook, cash journal, check book, receipt book, note book, bank pass book, trial balance book, letter book, and stock record book.

Business Forms Used. — Receipts, bills of parcels, checks, shipping invoices, account sales, notes, and drafts.

Ledger Titles and Number of Lines Each Will Require. — Teacher, 7; Student, 7; Abner Crane, 6; Brown & Day, 5; Charles Evans, 6; Daniel French, 8; E. GENERAL INSTRUCTIONS FOR WORKING EIGHTH SET

1. Write the opening entries in the journal-daybook, cash journal.
2. Post opening entries and take a trial balance.
3. Record all transactions in the journal-daybook or in the cash journal, as the case requires, making out all the bills, notes, receipts, checks, shipping invoices, and writing all letters which the business requires, each day to Aug. 4; close the cash journal; and post to the ledger from the journal-daybook and cash journal.
4. Take a trial balance of the ledger in the trial balance book.
5. Write up the business in all the books for the week ending Aug. 11, making out all the papers, writing all the letters, properly filing all papers and letters, etc. Deposit daily all the cash (checks, bank drafts, and currency) received. Close Shipments into Loss & Gain on receipt of account sales.
6. Post and take a trial balance of the work, in trial balance book.
7. Write up the business for the week ending Aug. 18.
8. Post and take a trial balance in the trial balance book.
9. Write up the business for the week ending Aug. 25.
10. Post and take a trial balance in the trial balance book.
11. Write up the business for the week ending Sep. 1.
12. Post and take a trial balance in the trial balance book.
13. Make a complete inventory of all property, including interest.
14. Close the ledger, current form.
15. Prepare business statement and financial statement.
16. Make out a balance sheet of the entire business.

MEMORANDA OF TRANSACTIONS

Home City, Wednesday, Aug. 1, 19—. Teacher and Student have this day formed a partnership under the firm name of Teacher & Student for the purpose of carrying on a produce and shipping business. The capital of the firm is to be \$9000, of which Teacher is to furnish two thirds, and Student one third, and the gains and losses are to be shared in proportion to their investments.

Aug. 1. Teacher makes the following investments: an account against Abner Crane for \$327.50; an account against Brown & Day for \$450; an account against Charles Evans for \$275; an account against Daniel French for \$190; cash, \$5688; total, \$6930.50. Teacher's liabilities, which the firm assumes, are as follows: Elihu Gale & Co., on account, \$285.50; Frank Harper, on account, \$350; Gaius Innes, on account, \$295; total, \$930.50; net interest, \$6000.

Aug. 1. Student makes the following investments: an account against Hugo Jones for \$475; cash, \$3675; total, \$4150. Student's liabilities, which the firm assumes, are as follows: Ira King & Co., on account, \$500; James Lowry, on account, \$650; total, \$1150; net interest, \$3000.

Aug. 1. Deposited \$9300 in Home City Bank.

Aug. 1. Bought of John A. Schlener & Co. a set of blank books for the office, for cash, \$28.50.

Aug. 2. Bought of Elihu Gale & Co., on credit, 2500 lb. Minnesota butter, at ? ¢.

Aug. 3. Bought of Allan Greer, on our note at 10 days, with interest, 250 bbls. flour, at \$? .

Note.—Interest, in this set, is computed at 6%, and days of grace are allowed unless otherwise specified.

Aug. 3. Bought of Henry Avery, on our note at 30 days, 2000 bus. oats, at ? ¢ ; 1000 bus. wheat, at ? ¢ ; 1500 bus. barley, at ? ¢ ; total, \$? .

Aug. 3. Shipped H. M. Burchard, Chicago, to be sold on our account and risk, 75 bbls. flour, invoiced at \$? ; paid drayage on same per check, \$3.75; total, \$? .

Aug. 3. Paid Elihu Gale & Co., on account against Teacher, per check, \$125.

Aug. 3. Sold Alonzo Boyd, for cash, 5 bbls. flour, at \$? .

Aug. 3. Bought of S. C. Gale, on our note at 15 days, with interest, 4000 bus. oats, at ? ¢ ; 2000 bus. wheat, at ? ¢ ; total, \$? .

Aug. 4. Shipped P. R. Spencer, Detroit, to be sold on our account and risk, 1000 bus. wheat, invoiced at ? ¢ ; paid drayage on same per check, \$16; total, \$? .
